In Charles River Editors' Catholic Legends series, readers can get caught up to speed on the lives of the Church's most important men and women in the time it takes to finish a commute, while learning interesting facts long forgotten or never known. As one of the two patron saints of Italy and one of six patron saints of Europe, it's immediately apparent that Catherine of Siena was

one of Catholicism's most important figures, and possibly its most influential woman. Famous today for adhering to the tenets of the Dominican order and living a material-free life, Catherine worked in her day to help reunite the Catholic Church after a schism had brought some of the base of power to Avignon, France. At the same time, she also sought to bring together the disparate Italian states that were constantly at war with each other. However, Catherine's life after death has also been incredibly influential. Revived by the Risorgimento, repurposed into an instrument of Catholic nationalism by 19th century scholars, and eventually embraced by fascism as a symbol of Italian virtues and the embodiment of the idea of Romanita, Catherine of Siena's reputation is both blurred and strikingly sharp, depending on the function she is given by those who remember her. Recognized by the Catholic Church as a saint in 1461, as well as a Doctor of the Church and one of the patron saints of Italy in 1970, Catherine of Siena's life and actions have stimulated the imagination and piety of many since the early 15th century. More than 500 years after her death, her legacy was seized and even untowardly exploited during the early 20th century, leading to a pronounced tendency of scholarly demystification that attempted to strip her of credibility as part of the general process of the deconstruction of fascist symbols and emblems. Scholars trying to distance themselves from their past have questioned even the basic tenets of her hagiography and have attempted to turn her into a second hand figure in Italian history, isolating her from the historical and cultural context from which she stemmed. On the other hand, Catholic believers who relied on her intercession and regarded her as a model of conduct have emphasized her qualities and have sometimes attempted to make the staples of hagiographic writing more palatable to the modern reader. Catherine's extreme ascetic practices, her considerable involvement in the political turmoil of 14th century Italy, and her extensive epistolary exchanges are only a few reasons why she is a compelling figure, and one in need of objective analysis. Catherine's life and legacy are crucial toward understanding female religiosity, mysticism and asceticism during the medieval period. At the same time, the historical sources regarding most medieval individuals can be sketchy, so the sources on her life must be closely analyzed, including her letters and the main hagiographic writings of Raymond of Capua and Tomaso Caffarini, two of her confessors. Although the historical biographies of saints cannot be completely recovered "as they truly happened" there is still great value in studying such narratives, regardless of the reader's confessional orientation. st catherine patron saint of: St. Catherine of Siena Prayer Journal Michael Lamorte, 2020-10-16 St. Catherine of Siena (1347 - 1380) is one of the most inspiring Saints in the Catholic Church. A mystic who vowed virginity at the age of 7 and entered the Dominican order at the age of 17, she played an influential role in ending the Avignon Papacy, traveled across Italy as an advocate for Church reform, served the poor and the sick, and called for peace between the warring provinces of Italy. She also wrote hundreds of letters to all classes of people to promote their salvation. In her many ecstasies, she was mystically wed to Jesus Himself, and received the marks of the stigmata in 1375. Saint Catherine is a Doctor of the Church and is a popular Patron Saint among many individuals, families, and parishes. She is also the Patron Saint of Italy, Europe, the United States, the Philippines, firefighters, nurses, people with illnesses, people ridiculed for their faith, sexual temptation, and people who had miscarriages. This prayer journal includes beautiful artwork and a treasury of information to help increase your devotion: a biography of St. Catherine of Siena from

st catherine patron saint of: Saints and Their Legacies in Medieval Iceland Kirsten Wolf, Dario Bullitta, 2021 Icelanders venerated numerous saints, both indigenous and from overseas, in the Middle Ages. However, although its literary elite was well acquainted with contemporary Continental currents in hagiographic compositions, theological discussions, and worship practices, much of the history of the learned European networks through which the Icelandic cult of the saints developed and partially survived the Lutheran Reformation remains obscure. The essays collected in this volume address this lacuna by exploring the legacies of the cult of some of the most prominent saints and holy men in medieval Iceland (the Virgin Mary along with SS Agnes of Rome, Benedict of Nursia, Catherine of Alexandria, Dominic of Caleruega, Michael the Archangel, Jón of Hâolar, Þorlâkr of Skálholt, Lárentíus of Hâolar, and Guomundr the Good), using evidence drawn from Old Norse-Icelandic and Latin hagiographic literature, homilies, prayers, diplomas, sacred art, place-names, and church dedications. By placing the medieval Icelandic cult of the saints within its wider European context, the contributions trace new historical routes of cultural transmission and define the creative processes of the accommodation and adaptation of foreign hagiographic sources and models in medieval and early modern Iceland. They provide a clear picture of an Icelandic hagiographic literature and culture that celebrates the splendour of the saints; they also show how an engaging literary genre, which became immensely popular on the island throughout the Middle Ages and beyond, was created.

Die 19 internationalen und interdisziplinären Beiträge erschließen das Neben- und Ineinander von Kulten und Künsten in Mittelalter und Früher Neuzeit, indem sie Fragerichtungen der (Kultur- und Sozial-)Anthropologie, der Religionssoziologie und der Poetologie überblenden. An vier „Schnittpunkten“ eröffnen sie neue Lektüren vormoderner Literatur: „Religiöse Praxis zwischen sozialer Form und ästhetischer Gestaltung“, „Poetologische Reflexion und rhetorische Figur – Narrative Konstruktionen von Augenscheinlichkeit, Wahrheit und Wahrscheinlichkeit in Text und Bild“, „Intertextuelle und intermediale Transformationen – Diskurse, Figuren, Strukturen und Logiken“ sowie „Individuum und Körper, Herrschaft und Gemeinschaft – Anthropologische Perspektiven“. Der Schwerpunkt der Studien liegt in der germanistischen Mediävistik. Die Beiträge gehen dabei immer wieder über das spezifisch fachwissenschaftliche Interesse hinaus: so im interdisziplinären Anschluss an andere Philologien, die Geschichtswissenschaft und die Kunstgeschichte, im Aufgreifen europäischer Perspektiven und im Ausblick auf eine Geschichte der Rezeption. Im Fokus stehen dabei sowohl volkssprachliche als auch lateinische Werke.
