

nixon interview with david frost

Nixon Interview with David Frost: A Defining Moment in Television History

nixon interview with david frost stands as one of the most iconic and revealing television events of the 20th century. This groundbreaking series of interviews, conducted in 1977, allowed former U.S. President Richard Nixon to speak candidly about the Watergate scandal, his presidency, and the controversies that led to his resignation. The encounter between Nixon and British broadcaster David Frost not only captivated audiences worldwide but also redefined the power of televised interviews in political discourse.

The Context Behind the Nixon Interview with David Frost

The Nixon interviews came at a time when the former president had been out of office for nearly three years. After resigning in 1974 amidst the Watergate scandal, Nixon had largely stayed away from the public eye. David Frost, already a well-known television personality in the UK, saw an opportunity to secure an exclusive series of interviews that would offer unprecedented insight into Nixon's perspective.

The interviews were ambitious, both in scope and in the risk they posed. Nixon was known for his guarded nature and political savvy, making it uncertain whether he would open up truthfully. Frost, though an accomplished interviewer, was not initially seen as a heavyweight political journalist, which added an intriguing dynamic to the discussions.

Why the Nixon Interviews Were So Significant

The Nixon interview with David Frost was groundbreaking for several reasons:

- ****Unprecedented Access****: It was the first time Nixon had agreed to a lengthy televised interview post-presidency, giving the public a direct line to his thoughts and feelings.
- ****Watergate Revelations****: Frost pressed Nixon on Watergate, pushing him to admit wrongdoing in ways that previous interviews had not achieved.
- ****Television as a Political Tool****: The series demonstrated how television could be used not just for entertainment but for serious political examination.
- ****Global Audience****: The interviews were broadcast internationally, drawing millions of viewers and influencing public opinion worldwide.

Behind the Scenes: Preparing for the Nixon Interview

The preparation for the Nixon interview with David Frost was extensive. Frost and his team spent months researching Nixon's presidency, his public statements, and the Watergate scandal. One of the keys to the interview's success was Frost's determination to challenge Nixon with hard evidence and carefully crafted questions.

Research and Strategy

Unlike many celebrity interviews, the Frost team approached this project with journalistic rigor. They analyzed transcripts, reviewed Nixon's speeches, and studied the Watergate tapes. This preparation helped Frost to formulate pointed questions that kept Nixon on the defensive, particularly concerning his role in the cover-up.

Nixon's Motivations

For Nixon, the interviews were an opportunity to reshape his legacy. He wanted to present his version of events and potentially rehabilitate his public image. However, the interactive format meant he had to navigate Frost's probing style while maintaining composure.

The Dynamics of the Interview: Frost vs. Nixon

What made the Nixon interview with David Frost so compelling was the interplay between the two men. Frost's respectful yet persistent questioning style contrasted with Nixon's often evasive and defensive answers. This tension created a fascinating narrative that held viewers spellbound.

Challenging Questions and Revelations

Frost's approach was to ask direct, clear questions, often revisiting points to elicit more detailed responses. Some of the most memorable moments include Nixon's acknowledgment of his role in the Watergate cover-up, where he famously admitted, "I let the American people down."

The Power of Television in Politics

The visual medium added layers of meaning to the interview. Nixon's body language, tone, and pauses were scrutinized by viewers and analysts alike. Frost's calm demeanor contrasted with Nixon's occasional frustration, highlighting the psychological battle behind the dialogue.

Impact and Legacy of the Nixon Interview with David Frost

The interview series had a lasting impact on politics, journalism, and television. It set a new standard for political interviews and demonstrated how media could hold powerful figures accountable.

Changing Public Perception

For many, the interviews humanized Nixon, showing his vulnerabilities and regrets. However, they also reinforced the seriousness of his misconduct. The nuanced portrayal influenced how historians and the public viewed his presidency.

Influence on Interview Techniques

The Frost-Nixon interviews inspired generations of journalists to prepare thoroughly and engage more deeply with their subjects. The idea that an interviewer could outmaneuver a seasoned politician became a blueprint for political journalism.

Cultural Depictions and Continued Interest

The Nixon interview with David Frost has been dramatized in films and documentaries, notably the 2008 film **Frost/Nixon**, which brought renewed attention to the events. These portrayals underline the enduring fascination with the interaction and its historical importance.

Lessons from the Nixon Interview for Modern Viewers and Interviewers

The Nixon interview with David Frost offers valuable insights for anyone

interested in media, politics, or communication.

- **Preparation is Key:** Frost's meticulous research shows the importance of knowing your subject inside out.
- **Persistence Pays Off:** Consistent, respectful questioning can break through evasiveness.
- **Body Language Matters:** Non-verbal cues often reveal as much as spoken words.
- **Transparency Builds Trust:** Nixon's partial admissions, while damaging, added authenticity to the conversation.

These lessons remain relevant in today's media landscape, where political interviews continue to shape public understanding.

The Nixon interview with David Frost remains a fascinating case study in the power of televised dialogue and the intricate dance between interviewer and interviewee. It reminds us that behind every headline and scandal lies a human story, accessible through thoughtful and courageous journalism.

Frequently Asked Questions

What was the Nixon interview with David Frost?

The Nixon interview with David Frost was a series of televised interviews in 1977 where former U.S. President Richard Nixon was questioned by British journalist David Frost about the Watergate scandal and his presidency.

Why was the Nixon interview with David Frost significant?

It was significant because it was one of the first times Nixon publicly addressed the Watergate scandal in depth, providing insights into his presidency and admitting mistakes, which had a major impact on public perception.

When did the Nixon interviews with David Frost take place?

The interviews were recorded and aired in 1977, several years after Nixon resigned from the presidency in 1974.

How many interviews did David Frost conduct with Nixon?

David Frost conducted a series of four interviews with Richard Nixon, each lasting about an hour.

What was the most famous moment from the Nixon interviews with David Frost?

One of the most famous moments was Nixon's admission that he had let the American people down and his acknowledgment of mistakes, although he stopped short of admitting criminal wrongdoing.

What topics were covered in the Nixon interviews with David Frost?

The interviews covered topics such as the Watergate scandal, Nixon's presidency, his resignation, foreign policy, and his personal reflections on his time in office.

How did David Frost prepare for the Nixon interviews?

David Frost extensively researched Nixon's presidency and Watergate scandal, consulting experts and preparing tough questions to challenge Nixon and elicit revealing answers.

What was the public reaction to the Nixon interviews with David Frost?

The interviews received high television ratings and were widely watched, sparking renewed discussions about Nixon's legacy and Watergate, with mixed reactions regarding Nixon's admissions.

Have the Nixon interviews with David Frost influenced media interviews since then?

Yes, the interviews set a precedent for in-depth, confrontational political interviews and are often cited as a landmark in broadcast journalism for holding public figures accountable.

Nixon Interview with David Frost: A Defining Moment in Political Journalism

nixon interview with david frost represents one of the most significant

televised political interviews in American history. Conducted in 1977, this groundbreaking series of interviews marked a pivotal moment in the public's understanding of Richard Nixon's presidency, particularly regarding the Watergate scandal and his eventual resignation. The interview not only showcased the power of media to hold political figures accountable but also set a new standard for in-depth political discourse on television.

Context and Background of the Nixon Interview with David Frost

Following Richard Nixon's resignation in 1974 amid the Watergate scandal, the former president largely retreated from public life. However, in 1977, British journalist David Frost secured an unprecedented opportunity to interview Nixon for a series of four televised conversations. The interviews were conducted in California and aired in the United States and the United Kingdom, attracting millions of viewers.

This engagement was significant for several reasons. It was the first time Nixon had publicly discussed Watergate in detail since his resignation. The interviews promised insight into his presidency, his thoughts on the scandal, and his reflections on American politics. Additionally, the arrangement was notable for its financial dimension—Frost reportedly paid Nixon a substantial fee, which raised questions about the journalistic integrity and motives behind the interviews.

Production and Format

The Nixon interview with David Frost was produced with meticulous preparation. Frost assembled a team of researchers and legal experts to develop a comprehensive list of questions and to anticipate Nixon's responses. The interviews were recorded over several days and edited into four hour-long programs.

The format was conversational yet probing. Frost balanced respect for the former president's stature with persistent questioning, particularly around Watergate. The interviews tackled multiple themes, including Nixon's political philosophy, the circumstances leading to Watergate, and his views on the presidency's challenges.

Analytical Breakdown of the Interviews

The interviews are often lauded for the way they combined journalistic rigor with accessible television storytelling. They exemplify the convergence of media, politics, and public accountability.

Key Themes and Revelations

- **Watergate Accountability:** Nixon's explanations for Watergate were a central focus. He acknowledged mistakes but denied personal involvement in illegal activities. The interviews revealed his attempt to reshape the narrative around his resignation.
- **Political Philosophy:** Nixon elaborated on his views about governance, foreign policy, and the role of the presidency. These segments provided a rare glimpse into his strategic thinking beyond the scandal.
- **Media and Public Perception:** The interviews highlighted Nixon's complex relationship with the media, including his feelings of betrayal and his efforts to rehabilitate his image.

David Frost's Interviewing Style

Frost's approach combined persistence with politeness, a tactic that eventually led to Nixon making candid admissions. Unlike confrontational interviewers, Frost's style encouraged dialogue, allowing Nixon to express his perspectives fully while subtly steering the conversation toward critical admissions.

One of the most notable moments was Nixon's statement that he had "let down the country" and that he was "wrong" over Watergate. This admission was a turning point in public discourse, as Nixon had previously denied wrongdoing emphatically.

The Impact and Legacy of the Nixon Interview with David Frost

The interviews had a lasting impact on political journalism and public discourse. They demonstrated the potential of televised interviews to influence public opinion and historical interpretation.

Influence on Political Journalism

The Nixon interview with David Frost set a precedent for how former political leaders could be reexamined through media. It underscored the importance of preparation, research, and psychological insight in conducting high-stakes interviews. Subsequent journalists have cited Frost's work as a blueprint for

engaging with controversial figures.

Public Reception and Criticism

While widely praised, the interviews were not without controversy. Critics questioned whether the substantial payment to Nixon compromised journalistic independence. Some argued that the interviews gave Nixon a platform to rewrite history without sufficient challenge.

Nevertheless, the audience reaction was predominantly positive, with many viewers gaining new insights into Nixon's presidency and the complexities surrounding Watergate.

Cultural and Historical Significance

The Nixon interview with David Frost transcended mere political discourse to become a cultural touchstone. It has been referenced in documentaries, academic studies, and popular media, including the 2008 film "Frost/Nixon," which dramatized the interviews.

The series also highlighted the evolving role of television in shaping political narratives, illustrating how visual media could humanize or vilify public figures depending on the framing.

Comparative Analysis: Nixon Interview with David Frost vs. Other Political Interviews

When compared to other iconic political interviews, such as those with John F. Kennedy or Bill Clinton, the Nixon-Frost interviews stand out for their depth and historical context.

- **Depth of Content:** Unlike many interviews focusing on current events, the Nixon interviews aimed to unpack a significant historical event and its aftermath.
- **Power Dynamics:** Nixon was a former president grappling with legacy issues, contrasting with interviews of sitting politicians who often control the narrative more tightly.
- **Media Innovation:** The format and production were pioneering for their time, using media as a tool for accountability rather than mere promotion.

Lessons for Modern Political Interviewing

Modern journalists can draw several lessons from Frost's handling of Nixon:

1. **Preparation is Paramount:** Extensive research and understanding of the interviewee's history enable targeted and effective questioning.
2. **Balanced Approach:** Combining respect with persistence can elicit candid responses without alienating the subject.
3. **Contextualizing the Narrative:** Providing historical and political context helps viewers grasp the significance of the dialogue.

These elements remain relevant as political interviews continue to evolve in the digital age.

Conclusion: The Enduring Relevance of the Nixon Interview with David Frost

The Nixon interview with David Frost remains a landmark in political journalism, illustrating the power of media to confront and clarify complex political legacies. Its nuanced approach, combining investigative rigor with engaging television, set a new standard that continues to influence interviewers and audiences alike. As political communication becomes ever more instantaneous and fragmented, the enduring lessons of Frost's interviews with Nixon underscore the value of thoughtful, in-depth dialogue in understanding and interpreting leadership and accountability.

nixon interview with david frost: Frost/Nixon David Frost, Bob Zelnick, 2009-10-13 The British journalist recounts his 1977 interview with the disgraced American president—the basis for the Tony Award-winning play & Oscar-nominated film. In *Frost/Nixon*, Sir David Frost tells the extraordinary story of how he pursued and landed the biggest fish of his career—and how the series drew larger audiences than any news interview ever had in the United States, before being shown all over the world. This is Frost's absorbing story of his pursuit of Richard Nixon, and is no less revealing of his own toughness and pertinacity than of the ex-President's elusiveness. Frost's encounters with such figures as Swift Lazar, Ron Ziegler, potential sponsors, and Nixon as negotiator are nothing short of hilarious, and his insight into the taping of the programs themselves is fascinating. *Frost/Nixon* provides the authoritative account of the only public trial that Nixon would ever have, and a revelation of the man's character as it appeared in the stress of eleven grueling sessions before the cameras. Including historical perspective and transcripts of the edited

interviews, this is the story of Sir David Frost's quest to produce one of the most dramatic pieces of television ever broadcast, described by commentators at the time as "a catharsis" for the American people.

nixon interview with david frost: Frost/Nixon David Frost, 2008-09-04 Published to coincide with the launch of Ron Howard's blockbuster film, and following on from the huge success of the eponymous West End and Broadway play, Frost/Nixon tells the extraordinary story of how David Frost pursued and landed the biggest fish of his career. When he first conceived the idea of interviewing Richard Nixon and trying to bring the ex-President to confront his past, he was told on all sides that the project would never get off the ground. Yet in the end he succeeded, and the resulting television series drew larger audiences than any news programme ever had in the United States, before being shown all over the world. Including hilarious tales of the people Frost encountered along the way and fascinating insights into the making of the series itself, this book provides an account of the only public trial that Nixon would ever have, and a revelation of the man's character as it appeared in the stress of twelve gruelling sessions before the cameras. Fully revised and updated with historical perspective, and including transcripts of the edited interviews, Frost/Nixon describes David Frost's quest to produce one of the most dramatic pieces of television ever broadcast.

nixon interview with david frost: The Conviction of Richard Nixon James Reston, Jr., 2007-06-19 The Watergate scandal began with a break-in at the office of the Democratic National Committee at the Watergate Hotel on June 17, 1971, and ended when President Gerald Ford granted Richard M. Nixon a pardon on September 8, 1974, one month after Nixon resigned from office in disgrace. Effectively removed from the reach of prosecutors, Nixon returned to California, uncontrite and unconvicted, convinced that time would exonerate him of any wrongdoing and certain that history would remember his great accomplishments—the opening of China and the winding down of the Vietnam War—and forget his "mistake," the "pipsqueak thing" called Watergate. In 1977, three years after his resignation, Nixon agreed to a series of interviews with television personality David Frost. Conducted over twelve days, they resulted in twenty-eight hours of taped material, which were aired on prime-time television and watched by more than 50 million people worldwide. Nixon, a skilled lawyer by training, was paid \$1 million for the interviews, confident that this exposure would launch him back into public life. Instead, they sealed his fate as a political pariah. James Reston, Jr., was David Frost's Watergate advisor for the interviews, and The Conviction of Richard Nixon is his intimate, behind-the-scenes account of his involvement. Originally written in 1977 and published now for the first time, this book helped inspire Peter Morgan's hit play *Frost/Nixon*. Reston doggedly researched the voluminous Watergate record and worked closely with Frost to develop the interrogation strategy. Even at the time, Reston recognized the historical importance of the Frost/Nixon interviews; they would result either in Nixon's de facto conviction and vindication for the American people, or in his exoneration and public rehabilitation in the hands of a lightweight. Focused, driven, and committed to exposing the truth, Reston worked tirelessly to arm Frost with the information he needed to force Nixon to admit his culpability. In The Conviction of Richard Nixon, Reston provides a fascinating, fly-on-the-wall account of his involvement in the Nixon interviews as David Frost's Watergate adviser. Written in 1977 immediately following these celebrated television interviews and published now for the first time, The Conviction of Richard Nixon explains how a British journalist of waning consequence drove the famously wily and formidable Richard Nixon to say, in an apparent personal epiphany, "I have impeached myself."

nixon interview with david frost: "I Gave Them a Sword" David Frost, 1978

nixon interview with david frost: Documentary John Ellis, 2011-07-20 Documentary: Witness and Self-Revelation takes an audience-centred approach to documentary, arguing that everyday experiences of what it feels like to film and to be filmed have developed a new sophistication and skepticism in today's viewers. The book argues that documentary has developed a new third phase of its century long history: films now tend to document the encounters between filmmakers and the filmed. But what do we really know about those encounters?

nixon interview with david frost: Nixon's Court Kevin J. McMahon, 2011-09-19 Most analysts have deemed Richard Nixon's challenge to the judicial liberalism of the Warren Supreme Court a failure—"a counterrevolution that wasn't." Nixon's Court offers an alternative assessment. Kevin J. McMahon reveals a Nixon whose public rhetoric was more conservative than his administration's actions and whose policy towards the Court was more subtle than previously recognized. Viewing Nixon's judicial strategy as part political and part legal, McMahon argues that Nixon succeeded substantially on both counts. Many of the issues dear to social conservatives, such as abortion and school prayer, were not nearly as important to Nixon. Consequently, his nominations for the Supreme Court were chosen primarily to advance his "law and order" and school desegregation agendas—agendas the Court eventually endorsed. But there were also political motivations to Nixon's approach: he wanted his judicial policy to be conservative enough to attract white southerners and northern white ethnics disgruntled with the Democratic party but not so conservative as to drive away moderates in his own party. In essence, then, he used his criticisms of the Court to speak to members of his "Silent Majority" in hopes of disrupting the long-dominant New Deal Democratic coalition. For McMahon, Nixon's judicial strategy succeeded not only in shaping the course of constitutional law in the areas he most desired but also in laying the foundation of an electoral alliance that would dominate presidential politics for a generation.

nixon interview with david frost: *The Power of the Presidency* Robert S. Hirschfield, 2017-07-05 The American presidency is the most powerful political office in the world. But this impressive statement serves only to raise a whole series of fundamental questions: What is the scope of presidential powers and what are its limits? Can the president use all the authority of his office or is that authority more formal than effective? Does the presidency have sufficient power to meet today's needs or do the problems of the modern age demand a more powerful executive? Is there a danger of dictatorship in the growth of political authority or will the presidency remain an office of constitutional democratic leadership? This book explores such questions by presenting a wide range of views on presidential power from a variety of sources: original supporters and opponents of the office; presidents themselves; Supreme Court decisions; and professional students of the presidency.

nixon interview with david frost: *Coppola's Monster Film* Steven Travers, 2016-06-23 In 1975, after his two Godfather epics, Francis Ford Coppola went to the Philippines to film *Apocalypse Now*. He scrapped much of the original script, a jingoistic narrative of U.S. Special Forces winning an unwinnable war. Harvey Keitel, originally cast in the lead role, was fired and replaced by Martin Sheen, who had a heart attack. An overweight Marlon Brando, paid a huge salary, did more philosophizing than acting. It rained almost every day and a hurricane wiped out the set. The Philippine government promised the use of helicopters but diverted them at the last minute to fight communist and Muslim separatists. Coppola filmed for four years with no ending in the script. The shoot threatened to be the biggest disaster in movie history. Providing a detailed snapshot of American cinema during the Vietnam War, this book tells the story of how *Apocalypse Now* became one of the great films of all time.

nixon interview with david frost: *Reinventing Richard Nixon* Daniel E. Frick, 2008 Examining Nixon's autobiographies and political memorabilia, Frick offers far-reaching perceptions not only of the man but of Nixon's version of himself - contrasted with those who would interpret him differently. He cites reinventions of Nixon from the late 1980s, particularly the museum at the Richard Nixon Library and Birthplace, to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques. And he recounts how celebrants at Nixon's state funeral, at which Bob Dole's eulogy depicted a God-fearing American hero, attempted to bury the sources of our divisions over him, rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president. With dozens of illustrations - Nixon posing with Elvis (the National Archives' most requested photo), Nixonian cultural artifacts, classic editorial cartoons - no other book collects in one place such varied images of Nixon from so many diverse media. These reinforce Frick's probing analysis to help us understand why we disagree about Nixon - and why it matters how we resolve our disagreements.--BOOK JACKET.

nixon interview with david frost: Talking with the President John Wilson, 2015 This book provides a pragmatic analysis of presidential language. Pragmatics is concerned with meaning in context, or the relationship between what we say and what we mean. John Wilson explores the various ways in which U.S. Presidents have used language within specific social contexts to achieve specific objectives. This includes obfuscation, misdirection, the use of metaphor or ambiguity, or in some cases simply lying. He focuses on six presidents: John F. Kennedy, Richard M. Nixon, Ronald W. Reagan, William F. Clinton, George W. Bush, and Barack H. Obama. These presidents cover most of the last half of the twentieth century, and the first decade of the twenty first century, and each has been associated with a specific linguistic quality. John F. Kennedy was famed for his quality of oratory, Nixon for his manipulative use of language, Reagan for his gift of telling stories, Clinton for his ability to engage the public and to linguistically turn arguments and descriptions in particular directions. Bush, on the other hand, was famed for his inability to use language appropriately, and Obama returns us to the rhetorical flourishes of early Kennedy. In the case of each president, a range of specific examples are explored in order to highlight the ways in which a pragmatic analysis may provide an insight into presidential language. In many cases, what the president says is not necessarily what the president means.

nixon interview with david frost: Frost/Nixon Peter Morgan, 2013-03-07 In 1972, a break-in was foiled at the headquarters of the Democratic National Committee at the Watergate Hotel in Washington DC. Within days a connection had been made with the White House and President Nixon's closest aides. It unleashed one of the greatest scandals in modern American politics and ended with Nixon's humiliating resignation. David Frost's interviews with Richard Nixon drew the largest audience ever for a news interview. Could this British talk-show host, with no known political convictions and a playboy reputation, be the one to elicit an apology from the man who committed one of the biggest felonies in American political history? Frost/Nixon premiered at the Donmar Warehouse, London, in August 2006.

nixon interview with david frost: Watergate Alexander Cruden, 2012-04-13 This intriguing volume explores the historical and cultural events leading up to and following the Watergate scandal, from the 1972 break-in through Nixon's resignation. The text addresses several issues surrounding Watergate, such as controversies related to the presidential impeachment, the media's role in both exposing the scandal and impacting the aftermath, and problems with the idea of presidential privilege. Personal narratives from people impacted by Watergate, including remembrances by Julie Nixon Eisenhower and John Dean, are also featured.

nixon interview with david frost: Watergate's Legacy and the Press Jon Marshall, 2011-01-30 The result of painstaking research and scholarship, *Watergate's Legacy and the Press* is ultimately a tribute to the irrepressible investigative impulse in American journalism and the crucial public service provided by investigative reporters. --Book Jacket.

nixon interview with david frost: One Man Against the World Tim Weiner, 2015-06-16 The National Book Award-winning author of *Legacy of Ashes* delivers "a devastating account of Nixon's presidency . . . powerful [and] extraordinary" (Publishers Weekly, starred review). Drawing on newly declassified documents, *One Man Against the World* paints a devastating portrait of a tortured yet brilliant man who led the country largely according to a deep-seated insecurity and distrust of not only his cabinet and congress, but the American population at large. In riveting prose, Tim Weiner illuminates how the Vietnam War and the Watergate controversy that brought about Nixon's demise were inextricably linked. From the hail of garbage and curses that awaited Nixon upon his arrival at the White House, to the unprecedented action Nixon took against American citizens, to the infamous break-in and the tapes that bear remarkable record of the most intimate and damning conversations between the president and his confidantes, Weiner narrates the history of Nixon's anguished presidency in fascinating and fresh detail. A crucial new look at the greatest political suicide in history, *One Man Against the World* leaves us not only with new insight into this tumultuous period, but also into the motivations and demons of an American president who saw enemies everywhere, and, thinking the world was against him, undermined the foundations of the country he had hoped to

lead.

nixon interview with david frost: *Decisions in Crisis* Michael Brecher, 2023-11-15 *Decisions in Crisis: Israel, 1967 and 1973* explores the intricate dynamics of decision-making during two pivotal crises in Israeli history: the Six-Day War of 1967 and the Yom Kippur War of 1973. This comprehensive study delves into the psychological, political, and strategic factors that shaped Israeli leaders' responses under the intense pressures of international crisis. By examining decision flows, military balances, and coping mechanisms, the book reveals patterns of behavior and stress responses unique to state actors in moments of existential threat. Michael Brecher and Benjamin Geist utilize a multidisciplinary approach, blending qualitative and quantitative methods within the framework of the International Crisis Behavior (ICB) Project. This comparative analysis provides insights into the broader implications of crisis-induced stress on state behavior, contributing to the development of general theories in international relations. Supported by rigorous research and expert contributions, *Decisions in Crisis* is an essential resource for understanding the complexities of crisis management and decision-making in the context of global conflict. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1980.

nixon interview with david frost: *The Presidents Club* Nancy Gibbs, Michael Duffy, 2013-02-12 Over the years that followed-and to this day-the presidents relied on, misunderstood, sabotaged, and formed alliances with one another that changed history. The world's most exclusive fraternity is a complicated place: its members are bound forever because they sat in the Oval Office and know its secrets, yet they are immortal rivals for history's favour. Some presidents needed their predecessors to keep their secrets; others needed them to disappear. Truman enlisted Hoover to help him save Europe; Kennedy turned to Ike on Cuba; Nixon sought Johnson's advice on getting re-elected, but then tried to blackmail him; Ford and Carter couldn't stand each other until they saw what they had in common; Reagan and Clinton relied on Nixon as an emissary to Russia; Bush put Clinton and his father to work and they became like father and son; and Obama and Clinton became quiet rivals for the same crown. *The Presidents Club* will change the way we think about the presidency, for the club itself is an instrument of presidential power.

nixon interview with david frost: *Engaging Students in Socially Constructed Qualitative Research Pedagogies*, 2022-05-20 This volume is an innovative, practical contribution to the developing field of qualitative research pedagogy. It is also applicable more broadly to the active teaching in higher education. Based upon constructionist tenets, this book contains three parts that offer strategies and approaches to actively engage students in qualitative inquiry. Chapter authors with roots in six countries (United States, Lithuania, Canada, Israel, China and Russia) offer practical and creative strategies and theoretical foundations for engaging students in active learning of research. The book will be of interest for instructors who wish to enhance their pedagogy and creativity in teaching, and for students who will appreciate the inclusion of students' assignments and authentic scenarios through which instructors support students in student learning and doing of qualitative research.

nixon interview with david frost: *Bringing Down a President* Andrea Balis, Elizabeth Levy, 2019-08-06 A middle-grade retelling of Richard Nixon's downfall, *Bringing Down A President: The Watergate Scandal* is an inventive and timely look at one of the biggest scandals to ever rock our nation by Andrea Balis and Elizabeth Levy, featuring graphic novel style illustrations by Tim Foley. Comprised almost completely of primary source quotes (good thing Nixon's recorder was on) and interspersed with contextual narrative, this captivating account of the trials and tribulations of the Nixon Administration has been rendered screenplay style offering an extraordinarily immediate narrative of one of America's most turbulent eras.

nixon interview with david frost: *Watergate Remembered* M. Genovese, 2012-01-02 As the fortieth anniversary of the Nixon resignation approaches, it is time to take a fresh look at

Watergate's impact on the American political system and to consider its significance for the historical reputation of the president indelibly associated with it.

nixon interview with david frost: *Dynamics of the Arab-Israel Conflict* Michael Brecher, 2017-01-20 This book comprises findings from the author's wide-ranging research since 1948 on the unresolved Arab/Israel protracted conflict. Brecher reflects back on his detailed analysis of the UN Commission created in November 1947, and his near-seven decades of research and publications on this complex protracted conflict continued since the first of nine Arab/Israeli wars. The book includes an analysis of the crucial early phase of the unresolved struggle for control of Jerusalem in 1948-49 and beyond, based on extensive interviews with Israel's leaders and prominent Egyptian senior officials, journalists and academics. It addresses the many diverse attempts at conflict resolution, including a peace plan to resolve the Arab/Israel conflict of the author's own design. It concludes with historical reflections about Israel's behavior, domestically and externally, in 1948-1949 and 2008 and beyond. No other book on this protracted conflict contains so many important interviews with the first two generations of Israeli leaders and Egyptian officials and academics, and no other author can speak from such a deep and prolonged engagement.
