

to my friends everything to my enemies the law

****To My Friends Everything, To My Enemies The Law: Exploring the Meaning and Its Modern Relevance****

to my friends everything to my enemies the law is a phrase that carries a weight of loyalty, justice, and the dual nature of human relationships. It's a powerful statement that reflects the stark contrast in how one might treat those close versus those opposed to them. This saying, often attributed to historical figures and leaders, encapsulates a philosophy that blends generosity with strictness, trust with caution, and kindness with accountability.

In this article, we'll dive deep into the meaning behind this phrase, explore its origins, and discuss how it applies in today's world. Whether you've heard it in historical contexts, literature, or even in everyday conversation, understanding the nuances of "to my friends everything, to my enemies the law" sheds light on human behavior, social dynamics, and even legal principles. Let's unravel this timeless adage together.

The Origin and Historical Context of "To My Friends Everything, To My Enemies The Law"

This phrase is often linked to Roman Emperor Augustus or other historical leaders who emphasized favoring allies and being strict with adversaries. The underlying idea is simple yet profound: treat your friends with generosity, openness, and trust – give them "everything." Conversely, hold your enemies accountable by applying the law strictly and without favoritism.

In ancient Rome, and many other societies, loyalty was a prized virtue. Friends were rewarded with privileges, protection, and access, while enemies faced the full force of justice. This dichotomy was essential for maintaining power, social order, and ensuring that betrayal or opposition was not tolerated.

The Philosophy Behind the Saying

At its core, "to my friends everything, to my enemies the law" is about:

- ****Trust and Generosity:**** Offering complete support and kindness to those you trust.
- ****Justice and Accountability:**** Ensuring fairness and consequences for those who oppose or harm you.
- ****Balance of Relationships:**** Recognizing that different social bonds require different approaches.

This philosophy also speaks to human nature – how our instincts often lead us to protect and elevate our inner circle while remaining vigilant or even harsh toward outsiders or adversaries.

Modern Interpretations and Applications

While the phrase originates from a historical context, its message remains relevant today. In contemporary society, the principle can be interpreted in various ways, from personal relationships to professional settings, and even within the legal system.

In Personal Relationships

Friendship and loyalty are foundational to human connection. Applying “to my friends everything” means being generous, supportive, and reliable. It encourages people to:

- Share resources and time
- Offer emotional support during tough times
- Stand up for friends in conflicts

On the flip side, “to my enemies the law” can translate to setting boundaries, protecting oneself from harm, and seeking justice when wronged. It underscores the importance of accountability – not letting toxic behavior slide just because it’s familiar or convenient.

In Business and Professional Life

In the corporate world, this phrase can remind leaders and employees to treat trusted colleagues and partners with openness and generosity, fostering collaboration and loyalty. Meanwhile, competitors or those who act unethically should be met with firm policies and legal measures.

For example:

- Rewarding loyal employees with promotions or bonuses
- Enforcing company policies strictly with those who violate rules
- Protecting intellectual property against infringers

This dual approach helps maintain a healthy work environment and fair competition.

Legal and Ethical Dimensions

The “law” aspect of the phrase naturally lends itself to discussions about justice systems, ethics, and governance. It reflects the expectation that the law should be impartial and applied equally, especially toward those who challenge the status quo or commit offenses.

This idea resonates with the principle of the rule of law – that no one is above the law, and justice must be served fairly, regardless of personal feelings. Yet, the phrase also hints at the reality that sometimes people’s connections influence how laws are enforced, sparking debates about favoritism and corruption.

Why This Phrase Still Resonates Today

The enduring power of “to my friends everything, to my enemies the law” lies in its universal truths about human interaction and society. It speaks to the natural desire to protect loved ones and the necessity to uphold justice against adversaries.

Trust and Loyalty as Social Glue

Trust forms the foundation of all meaningful relationships. When you give "everything" to your friends, you're investing in bonds that create support networks, emotional resilience, and mutual growth. This kind of generosity fosters community and belonging.

The Importance of Boundaries and Justice

On the other hand, enforcing boundaries with enemies – or those who act against your interests – prevents exploitation and harm. The law, metaphorically or literally, represents a system of consequences that safeguards fairness and deters wrongdoing.

How to Apply “To My Friends Everything, To My Enemies The Law” in Your Life

This phrase offers practical guidance for navigating relationships and challenges in a balanced way. Here are some actionable tips:

- **Be Generous with Those You Trust:** Invest time, share resources, and be emotionally available to your friends and close network.
- **Set Clear Boundaries:** Identify behaviors you won't tolerate and communicate these firmly to others.
- **Seek Justice When Wronged:** Don't ignore unfair treatment—use appropriate channels, whether legal, professional, or personal, to address conflicts.
- **Practice Fairness:** Avoid favoritism that undermines trust in systems or relationships; hold everyone accountable based on principles.
- **Evaluate Relationships Regularly:** Not all “friends” are truly loyal; discern who deserves your “everything” and who may require distance or accountability.

Balancing Compassion and Accountability

It's important to remember that this phrase doesn't advocate for cruelty or harshness indiscriminately. Enforcing "the law" on enemies can be understood as maintaining fairness and ensuring consequences without slipping into vengeance or bitterness. Compassion can coexist with accountability, and sometimes enemies can become friends through understanding and reconciliation.

The Cultural Impact and Variations of the Saying

Across cultures and languages, similar sentiments have been expressed. The balance between generosity to allies and strictness toward adversaries is a theme found in proverbs, literature, and political rhetoric around the world.

For example:

- In some cultures, the concept of "honor among friends" echoes the idea of giving everything to those you trust.
- Legal systems worldwide grapple with ensuring impartial justice, reflecting the "to my enemies the law" principle.
- Political leaders often emphasize loyalty to supporters and firmness against opposition, demonstrating practical applications of the phrase.

This widespread resonance shows how deeply embedded the sentiment is in human social structures.

Literary and Political Usage

Writers and politicians have used variations of this phrase to underline their stance on loyalty and justice. It can serve as a rallying cry for unity among supporters and a warning to opponents. Understanding this helps decode speeches, novels, and historical accounts where the phrase or its derivatives appear.

Reflecting on the Wisdom of "To My Friends Everything, To My Enemies The Law"

Ultimately, this phrase invites us to think critically about how we treat people in different roles in our lives. It challenges us to be generous and open-hearted with those we care about, while also standing firm and just when faced with opposition.

It's a reminder that relationships are complex and that fairness, loyalty, and justice must be balanced carefully. Whether in personal friendships, business dealings, or societal governance, this timeless wisdom continues to offer valuable insight into human nature and the social fabric that binds us all.

Frequently Asked Questions

What does the phrase 'To my friends everything, to my enemies the law' mean?

It means that one shows generosity and loyalty to their friends, while being strict and uncompromising towards their enemies, often implying using the law to deal with adversaries.

Who is known for popularizing the phrase 'To my friends everything, to my enemies the law'?

The phrase is often attributed to Roman Emperor Augustus, who used it to describe his approach to governance and relationships.

How is the phrase 'To my friends everything, to my enemies the law' relevant in modern legal contexts?

It reflects the idea that loyalty and favoritism can influence legal decisions, highlighting the importance of impartiality in the justice system.

Can the phrase 'To my friends everything, to my enemies the law' be seen as promoting injustice?

Yes, it can be interpreted as endorsing biased treatment where friends receive leniency or benefits, while enemies face strict legal consequences, which contradicts principles of fairness.

How might 'To my friends everything, to my enemies the law' apply in political leadership?

Leaders might use this approach to reward allies and punish opponents, consolidating power but risking corruption and erosion of justice.

Is 'To my friends everything, to my enemies the law' used in literature or popular culture?

Yes, it appears in various literary works and films to illustrate themes of loyalty, justice, and revenge.

What lessons can be drawn from the phrase 'To my friends everything, to my enemies the law' in personal relationships?

It suggests the importance of loyalty and protection of friends, but also warns against letting personal biases influence fair treatment of others.

****To My Friends Everything, To My Enemies The Law: An Examination of Justice, Loyalty, and Social Dynamics****

to my friends everything to my enemies the law is a phrase that resonates deeply within the realms of justice, loyalty, and the often complex interplay between personal relationships and institutional authority. This adage, rooted in historical and cultural contexts, encapsulates a dualistic approach to human interaction—offering generosity and trust to allies while enforcing strict legal measures against adversaries. As societies evolve, so too does the interpretation and application of this concept, raising critical questions about fairness, ethics, and the role of the law in balancing personal biases.

In this article, we will explore the meaning behind the phrase, its implications in contemporary legal and social frameworks, and how it reflects broader themes of justice and human behavior. By analyzing historical precedents, legal principles, and psychological insights, we aim to provide a nuanced understanding of the tension between favoritism and impartiality in both personal and institutional settings.

Historical Context and Origin of the Phrase

The phrase "to my friends everything, to my enemies the law" has its roots in classical antiquity, often attributed to Roman statesman and philosopher Cicero. It reflects a worldview where loyalty to one's inner circle warranted generosity and leniency, while adversaries were subjected to the full force of legal or moral retribution. This dichotomy was not only a political strategy but also a reflection of societal norms where personal alliances shaped governance and justice.

Historically, many cultures operated on a patronage system, where protection and privileges were granted to allies, often circumventing legal frameworks. Conversely, enemies or outsiders faced harsher penalties, sometimes beyond what was codified in law. This approach underscores the tension between subjective loyalty and the objective application of justice.

The Role of Patronage and Favoritism

Patronage systems thrived on reciprocal relationships—friends received favors, resources, and protection, reinforcing social bonds and political power. However, this created a dual legal reality:

- **Legal leniency for allies:** Friends or supporters often enjoyed immunity or reduced punishments.
- **Strict enforcement against adversaries:** Opponents were more likely to be prosecuted aggressively.

Such practices, while strengthening political factions, often undermined the principle of equality before the law, an ideal that modern legal systems

strive to uphold.

Contemporary Interpretations in Legal and Social Contexts

In modern democratic societies, the phrase "to my friends everything to my enemies the law" takes on a more critical tone. While loyalty remains a valued trait in personal relationships, the impartiality of the law is foundational to justice systems worldwide. The challenge lies in navigating the fine line between personal biases and professional responsibilities.

Justice and Impartiality

The cornerstone of legal systems is the principle of impartiality—ensuring that laws apply equally to all individuals regardless of their social connections. However, empirical studies have shown that biases can still influence legal outcomes:

- **Judicial discretion:** Judges may unconsciously favor certain parties based on relationships or social status.
- **Political influence:** Powerful individuals or groups sometimes leverage connections to avoid prosecution.
- **Corruption risks:** Favoritism can lead to nepotism or bribery, eroding public trust.

These realities highlight the ongoing struggle to eliminate favoritism in legal proceedings and ensure that "to my enemies the law" does not become a selective or weaponized tool.

Social Dynamics and Loyalty

Outside formal legal systems, the phrase reflects broader social dynamics where loyalty and trust shape interpersonal interactions. In workplaces, politics, or communities, favoring friends can foster collaboration but also breed exclusion or discrimination against perceived enemies. Understanding this balance is crucial for maintaining ethical standards and social cohesion.

Pros and Cons of the Dual Approach

The dualistic mindset embedded in "to my friends everything to my enemies the law" presents both advantages and challenges when applied consciously or unconsciously in social or legal contexts.

Pros

1. **Strengthening alliances:** Providing support to friends builds strong networks and mutual aid.
2. **Deterrence of adversaries:** Applying strict laws to enemies can discourage harmful actions and maintain order.
3. **Clear boundaries:** Differentiating treatment clarifies social or political divisions, which can be strategically useful.

Cons

1. **Undermining fairness:** Unequal treatment violates principles of justice and equality.
2. **Potential for abuse:** Favoritism can lead to corruption, nepotism, and erosion of institutional integrity.
3. **Social divisiveness:** Treating enemies harshly may escalate conflicts and polarize communities.

Modern Legal Systems: Striving for Neutrality

Modern jurisprudence emphasizes the rule of law, aiming to administer justice without regard to personal affiliations. Mechanisms such as judicial review, transparent procedures, and accountability measures are designed to mitigate the influence of favoritism.

Institutional Safeguards Against Bias

Legal systems worldwide have implemented safeguards, including:

- **Conflict of interest regulations:** Judges and officials must recuse themselves when personal connections exist.
- **Independent oversight bodies:** Agencies monitor compliance with ethical standards.
- **Public access to information:** Transparency reduces opportunities for secret favoritism.

Despite these measures, challenges remain in fully eradicating partiality, especially in jurisdictions with weaker rule-of-law traditions.

The Psychological Dimension: In-Group vs. Out-Group Bias

Psychological research offers insight into why "to my friends everything to my enemies the law" persists as a social phenomenon. Humans naturally form in-groups (friends) and out-groups (enemies), exhibiting favoritism towards those perceived as part of the in-group. This bias influences decision-making at both individual and institutional levels, complicating the pursuit of objective justice.

Implications for Governance and Social Policy

Recognizing the tension embedded in the phrase is critical for policymakers and leaders who seek to balance loyalty and fairness. Effective governance requires fostering trust without sacrificing impartiality.

Strategies for Balancing Loyalty and Justice

- **Promoting meritocracy:** Rewarding individuals based on competence rather than connections.
- **Encouraging transparency:** Open decision-making processes reduce suspicion of favoritism.
- **Educating stakeholders:** Raising awareness about bias and ethical standards.

These strategies can help mitigate the negative consequences while preserving positive social bonds.

The Phrase in Popular Culture and Political Discourse

"To my friends everything to my enemies the law" frequently surfaces in political rhetoric and popular culture, often symbolizing a hardline stance towards opposition. Such usage can be effective in rallying supporters but risks deepening societal divisions.

Risks of Weaponizing the Law

When the law is selectively applied as a tool against enemies, it undermines democratic principles and human rights. Historical examples abound where authoritarian regimes have used legal systems to suppress dissent under the guise of justice.

The Role of Civil Society

Active civil society organizations and independent media play vital roles in holding governments accountable, ensuring that the law serves all citizens equally, not just friends or favored groups.

The enduring relevance of "to my friends everything to my enemies the law" lies in its ability to provoke reflection on how societies administer justice and manage interpersonal loyalties. While loyalty remains a fundamental human value, the equitable application of the law is essential for social stability and fairness. Balancing these competing demands continues to challenge leaders, legal professionals, and citizens alike.

to my friends everything to my enemies the law: *Alternative Modernities* Dilip Parameshwar Gaonkar, 2001 A special issue of PUBLIC CULTURE, this volume of essays examines modernity from transnational and transcultural perspectives, holding that within different cultures, there are different starting points of the transition to modernity that lead to differen

to my friends everything to my enemies the law: *Unresolved Tensions* John Crabtree, Laurence Andrew Whitehead, 2008-09-28 The landslide election of Evo Morales in December 2005 pointed toward a process of accelerated change in Bolivia, forging a path away from globalization and the neoliberal paradigm in favor of greater national control and state intervention. This in turn shifted the power relations of Bolivia's internal politics-beginning with greater inclusion of the indigenous population-and altered the nation's foreign relations. *Unresolved Tensions* engages this realignment from a variety of analytical perspectives, using the Morales election as a lens through which to reassess Bolivia's contemporary political reality and its relation to a set of deeper historical issues. This volume brings together an expert group of commentators and participants from within the Bolivian political arena to offer diverse perspectives and competing views on issues of ethnicity, regionalism, state-society relations, constitutional reform, economic development, and globalization. In this way, the contributors seek to reassess Bolivia's past, present, and future, consider the ways in which the nation's historical developments flow from these deeper currents, and assess the opportunities and challenges that arise within the new political context.

to my friends everything to my enemies the law: *Afro-Latin American Studies* Alejandro de la Fuente, George Reid Andrews, 2018-04-26 Alejandro de la Fuente and George Reid Andrews offer the first systematic, book-length survey of humanities and social science scholarship on the exciting field of Afro-Latin American studies. Organized by topic, these essays synthesize and present the current state of knowledge on a broad variety of topics, including Afro-Latin American music, religions, literature, art history, political thought, social movements, legal history, environmental history, and ideologies of racial inclusion. This volume connects the region's long history of slavery to the major political, social, cultural, and economic developments of the last two centuries. Written by leading scholars in each of those topics, the volume provides an introduction to the field of Afro-Latin American studies that is not available from any other source and reflects the disciplinary and thematic richness of this emerging field.

to my friends everything to my enemies the law: *Rights and Freedoms in Peril* Tom

Fitton, 2025-10-14 In this "must read for anyone who cares deeply about the future of this country" (Tom Homan, former director of ICE) from Judicial Watch's Tom Fitton, the progressive movement's

efforts to dismantle the venerable institutions of American rights and freedoms are explored in exhaustive detail. Since the release of bestselling author Tom Fitton's third book, *A Republic Under Assault*, the Left has taken extraordinary steps to eradicate American liberty, motivated by a radical ideology whose adherents occupy the nation's highest offices. In this "powerful, eye-opening exposé" (Kash Patel, former chief of staff to the US secretary of defense), Fitton details a long chain of abuses officials and politicians have made against the American people and calls readers to battle for the soul and survival of America. Fitton and his team at Judicial Watch march us to the front lines where the progressive movement threatens America's most venerable institutions, undermining the core principles that make this country a beacon of hope to the world. The Left has declared war on everything from the rule of law to colorblind merit, border security, and government accountability. Their anti-American agenda must be stopped to save our country's future.

to my friends everything to my enemies the law: In the Name of the People Tendai Biti, Nic Cheeseman, Christopher Clapham, Ray Hartley, Greg Mills, Juan Carlos Pinzón, Lyal White, 2022-10-03 Shaken by the Russian invasion of Ukraine and staggering after the COVID-19 pandemic, the global political order is entering a new era of volatile uncertainty that may roll back the gains of the last century. Open democracies, where opponents respect one another even as they contest for power, are under threat from the rising tide of populism. In this stark new world, political opponents are enemies to be destroyed by fake news, and independent institutions are being used as tools to perpetuate power. In societies as diverse as Argentina, the Philippines, Tanzania and Hungary, populists have taken power, promising to restore accountability to the people. But, once in office, they have sought to hollow out democracy and to demonise the opposition as they hold onto power and oversee the economic decline of their countries. In the Name of the People examines populism from its Latin American roots to liberation movements in Africa and the rise of a new European nationalism. At its most virulent, populism has destroyed democracies from the inside out, causing social instability, economic catastrophe and, in some cases, authoritarian repression. In other cases, such as in South Africa, populism is a rising threat as strong constitutional guarantees of democratic accountability come under fire. The authors analyse 13 countries across the globe to understand how populism is evolving into a threat to free and open societies, addressing questions such as: Where is populism taking us? Is there hope of a return to rational policy-making? Is the world doomed to descend into ever-greater conflict?

to my friends everything to my enemies the law: Conviviality and Survival Sacha Darke, 2018-07-16 Brazilian authorities continuously fail to comply with international norms on minimal conditions of incarceration. Brazil's prison population has risen ten-fold since the country's return to democracy in the 1980s. Its prisons typically operate at double official capacity and with 100 prisoners for each guard on duty. At the same time, however, the average Brazilian prison is not as disorderly or its staff-inmate relations so conflictual as our established theories on prison life might predict. This monograph explores the means by which Brazilian prisons function in the absence of guards. More specifically, the means by which prison security and inmate discipline is negotiated between prison managers, gangs and the wider inmate body. While fragile and varied, this historical tradition of co-produced governance has for decades kept most prisons in better order and enabled most prisoners to better survive.

to my friends everything to my enemies the law: The Psychology of Radical Social Change Brady Wagoner, Fathali M. Moghaddam, Jaan Valsiner, 2018-04-03 Since 2011 the world has experienced an explosion of popular uprisings that began in the Middle East and quickly spread to other regions. What are the different social-psychological conditions for these events to emerge, what different trajectories do they take, and how are they represented to the public? To answer these questions, this book applies the latest social psychological theories to contextualized cases of revolutions and uprisings from the eighteenth to the twenty-first century in countries around the world. In so doing, it explores continuities and discontinuities between past and present uprisings, and foregrounds such issues as the crowds, collective action, identity changes, globalization, radicalization, the plasticity of political behaviour, and public communication.

to my friends everything to my enemies the law: Latin America at the End of Politics Forrest D. Colburn, 2018-06-05 After decades of ideological struggle, much of it in the service of an elusive socialist ideal, Latin America has embraced liberalism--democracy and unfettered markets. But liberalism has triumphed more by default than through exuberance. The region's democracies are fragile and lethargic. Despite pronounced social inequality, widespread poverty, and other difficulties, the populace is not engaged in deep discussions about state and society. The end of

ideological contests has dampened political conflict, but likewise lessened the sense of urgency for solving trenchant problems. Political fatigue and devotion to acquisition have smothered egalitarianism as even an ideal. There is an uneasy social indifference. *Latin America at the End of Politics* explores this period of circumscribed political passions through deft portrayals of crucial political, economic, social, and cultural issues: governance, entrepreneurs and markets, urban bias, poverty, the struggle for women's equality, consumerism, crime, environmental degradation, art, and migration of the poor. Discussions of these issues are enriched by the poignant narratives of emblematic individuals, many of whom are disoriented by the ideological void of the era. Forrest Colburn's highly original analysis draws on his deep scholarly and personal familiarity with Latin America. The collage of issues discussed, set in a provocative framework, offers a compelling interpretation of Latin America in the aftermath of the last century's ideological battles--and a way to begin to talk about the region's future.

to my friends everything to my enemies the law: Thieves, Opportunists, and Autocrats Dinissa Duvanova, 2023 This book examines how Russia and Kazakhstan navigated the dilemmas associated with building regulatory state institutions on the ruins of the Soviet command and control system. The two nations developed predatory and wasteful crony capitalism but still improved their business climates and economic performance. To better understand these seemingly incompatible outcomes, the book advances a theory of authoritarian regulatory statehood. It argues that politicians use institutions of the state as a means to balance conflicting elite demands for economic rents and popular demands for public goods and economic growth. An effective balancing of the two prevents elite subversion and popular revolt in the short run and ensures elites' continued access to economic rents in the long run. Empirical analysis of nearly a million national and regional regulatory documents enacted in Russia and Kazakhstan between 1990 and 2020 shows that formal regulatory institutions the autocrats built have a profound effect on economic outcomes. Moreover, at times of political vulnerability, autocracies use formal regulatory mechanisms to discipline state agencies responsible for policy implementation. By reducing capricious policy implementation by the regulatory bureaucracy, autocrats are able to reinvigorate economic performance and rebalance elite and popular interests. The theoretical argument advanced in the book links the use of institutional instruments of policy implementation to the political survival strategy. This study effectively shows that regulatory state building has emerged as an effective tool for strengthening autocratic regimes and enhancing their long-term survival.

to my friends everything to my enemies the law: Status Bernd Reiter, 2025-11-04 With this book, Bernd Reiter reflects on over three decades of research on race, exclusion, inequality, white supremacy, and the defense of privilege in Brazil to explore how social hierarchies, honor, and dignity perpetuate systemic disparities in Latin America. Status, as a structuring force of societies, Reiter argues, offers a different lens through which to analyze Latin American societies. Combining the works of Tönnies, Weber, and Bourdieu with those of Guerreiro Ramos, Raymundo Faoro, Florestan Fernandes, and Jacob Gorender, Reiter contends that Latin American societies are best understood as status societies where the organizing principle is not class, gender, or race alone, but honor - a set of cultural norms, behaviors, and practices that confer social recognition and prestige. Status is not purely hereditary, nor is it solely a function of economic class. Instead, it is a multifaceted construct that incorporates elements of race, class, gender, cultural capital, behavior, and descent. A passionate and illuminating alternative to the study of inequality in Latin America, this book adds important nuance to discussions of how to devise more equitable and inclusive strategies for the future.

to my friends everything to my enemies the law: The Narrow Corridor Daron Acemoglu, James A. Robinson, 2019-09-24 From the winners of the 2024 Nobel Prize for Economics and the authors of the international bestseller *Why Nations Fail* Why is it so difficult to develop and sustain liberal democracy? The best recent work on this subject comes from a remarkable pair of scholars, Daron Acemoglu and James A. Robinson. In their latest book, *The Narrow Corridor*, they have answered this question with great insight. —Fareed Zakaria, *The Washington Post* In *Why Nations*

Fail, Daron Acemoglu and James A. Robinson argued that countries rise and fall based not on culture, geography, or chance, but on the power of their institutions. In their new book, they build a new theory about liberty and how to achieve it, drawing a wealth of evidence from both current affairs and disparate threads of world history. Liberty is hardly the natural order of things. In most places and at most times, the strong have dominated the weak and human freedom has been quashed by force or by customs and norms. Either states have been too weak to protect individuals from these threats, or states have been too strong for people to protect themselves from despotism. Liberty emerges only when a delicate and precarious balance is struck between state and society. There is a Western myth that political liberty is a durable construct, arrived at by a process of enlightenment. This static view is a fantasy, the authors argue. In reality, the corridor to liberty is narrow and stays open only via a fundamental and incessant struggle between state and society: The authors look to the American Civil Rights Movement, Europe's early and recent history, the Zapotec civilization circa 500 BCE, and Lagos's efforts to uproot corruption and institute government accountability to illustrate what it takes to get and stay in the corridor. But they also examine Chinese imperial history, colonialism in the Pacific, India's caste system, Saudi Arabia's suffocating cage of norms, and the "Paper Leviathan" of many Latin American and African nations to show how countries can drift away from it, and explain the feedback loops that make liberty harder to achieve. Today we are in the midst of a time of wrenching destabilization. We need liberty more than ever, and yet the corridor to liberty is becoming narrower and more treacherous. The danger on the horizon is not just the loss of our political freedom, however grim that is in itself; it is also the disintegration of the prosperity and safety that critically depend on liberty. The opposite of the corridor of liberty is the road to ruin.

to my friends everything to my enemies the law: Business Negotiations in ELF from a Cultural Linguistic Perspective Milene Mendes de Oliveira, 2019-11-18 Some of the most frequent questions surrounding business negotiations address not only the nature of such negotiations, but also how they should be conducted. The answers given by business people from different cultural backgrounds to these questions are likely to differ from the standard answers found in business manuals. In her book, Milene Mendes de Oliveira investigates how Brazilian and German business people conceptualize and act out business negotiations using English as a Lingua Franca. The frameworks of Cultural Linguistics, English as a Lingua Franca, World Englishes, and Business Discourse offer the theoretical and methodological grounding for the analysis of interviews with high-ranking Brazilian and German business people. Moreover, a side study on e-mail exchanges between Brazilian and German employees of a healthcare company serves as a test case for the results arising from the interviews, and helps understand other facets of authentic intercultural business communication. Offering new insights on English as a Lingua Franca in international business contexts, Business Negotiations in ELF from a Cultural Linguistic Perspective simultaneously provides a detailed cultural-conceptual account of business negotiations from the viewpoint of Brazilian and German business people and a secondary analysis of their pragmatic aspects.

to my friends everything to my enemies the law: Legal Gladiator Solomon Schmidt, 2024-08-20 The only biography of America's most controversial lawyer. Legal Gladiator is the story of perhaps the greatest lawyer in American history. It is the story of a poor, failing high schooler from Brooklyn who became the youngest professor in the history of Harvard Law School, where Ted Cruz, Natalie Portman, Mike Pompeo, Jamie Raskin, and others sat under his tutelage. It is the story of a passionate Zionist who advocated for Israel on the world stage and became a confidant of Israeli prime ministers, including Benjamin Netanyahu. And it is the story of a zealous young liberal who, as an old man, stood in front of the Senate to declare that they would be violating the Constitution by removing a Republican president he himself opposed. As a lawyer, Alan Dershowitz has had a major impact on the most notorious legal cases in modern U.S. history. From Claus von Bulow to Mike Tyson to O.J. Simpson to Jeffrey Epstein to Donald Trump, he has devoted his life to championing the bedrock principle of the American justice system: that every person—no matter how despised—has

the right to a rigorous legal defense. Legal Gladiator explores Dershowitz's rise to prominence, gives the inside story of his most high-profile cases and controversies, and provides a shockingly intimate look into his personal life. Dershowitz gave author Solomon Schmidt unprecedented access to his personal and professional life, including his private archives at Brooklyn College and dozens of interviews with him virtually and in New York City, Miami, Martha's Vineyard, and Israel. This book includes exclusive interview content from Bob Shapiro, Jeffrey Toobin, Israeli Prime Minister Ehud Olmert, Glenn Greenwald, Rep. Jamie Raskin, Eliot Spitzer, Justice Stephen Breyer, Mike Huckabee, Woody Allen, Noam Chomsky, Jared Kushner, Geraldo Rivera, Mark Levin, Mike Pompeo, Megyn Kelly, Mike Tyson, Ted Cruz, Robert F. Kennedy Jr., O.J. Simpson, and Donald Trump, among others.

to my friends everything to my enemies the law: Russia's Crony Capitalism Anders Åslund, 2019-05-21 A penetrating look into the extreme plutocracy Vladimir Putin has created and its implications for Russia's future This insightful study explores how the economic system Vladimir Putin has developed in Russia works to consolidate control over the country. By appointing his close associates as heads of state enterprises and by giving control of the FSB and the judiciary to his friends from the KGB, he has enriched his business friends from Saint Petersburg with preferential government deals. Thus, Putin has created a super wealthy and loyal plutocracy that owes its existence to authoritarianism. Much of this wealth has been hidden in offshore havens in the United States and the United Kingdom, where companies with anonymous owners and black money transfers are allowed to thrive. Though beneficial to a select few, this system has left Russia's economy in untenable stagnation, which Putin has tried to mask through military might.

to my friends everything to my enemies the law: Mafia State Luke Harding, 2021-07-01 Award-winning journalist and bestselling author Luke Harding's haunting, brilliant account of the insidious methods used against him by a resurgent Kremlin which led to him becoming the first western reporter to be deported from Russia since the days of the Cold War. FEATURING A NEW FOREWORD FROM THE AUTHOR 'A courageous and explosive exposé.' ORLANDO FIGES 'Luke Harding is one of the best reporters in the world.' ROBERT SAVIANO 'An essential read.' NEW STATESMAN In 2007, Luke Harding arrived in Moscow to take up a new job as a correspondent for the British newspaper the Guardian. Within months, mysterious agents from Russia's Federal Security Service - the successor to the KGB - had broken into his flat. He found himself tailed by men in cheap leather jackets, bugged, and even summoned to Lefortovo, the KGB's notorious prison. The break-in was the beginning of an extraordinary psychological war against the journalist and his family. Vladimir Putin's spies used tactics developed by the KGB and perfected in the 1970s by the Stasi, East Germany's sinister secret police. This clandestine campaign burst into the open in 2011 when the Kremlin expelled Harding from Moscow. Luke Harding's Mafia State gives a unique, personal and compelling portrait of today's Russia, two decades after the end of communism, that reads like a spy thriller.
