

the mummy or ramses the damned

The Enduring Legend of The Mummy or Ramses the Damned

the mummy or ramses the damned is a phrase that echoes through the corridors of both ancient Egyptian lore and modern popular culture. Whether you're a fan of classic horror tales, archaeological mysteries, or timeless novels, the story of Ramses the Damned captures the imagination with its blend of history, fantasy, and suspense. This fascinating character has not only inspired literature but has also influenced films and discussions about the mythos of mummies beyond the typical curse narratives. Let's dive into the intriguing world surrounding The Mummy or Ramses the Damned and explore why this figure continues to captivate audiences around the globe.

The Origins of Ramses the Damned

The character known as Ramses the Damned originates from the early 20th-century novel *The Mummy!*, written by Anne Rice under the pseudonym Anne Rampling, and later expanded in collaboration with her son Christopher Rice in *Ramses the Damned: The Passion of Cleopatra*. Unlike the usual depiction of mummies as mindless undead creatures, Rice's Ramses is a complex figure—an immortal Egyptian pharaoh who awakens in the modern world, grappling with the consequences of his eternal life.

Historical Inspiration Behind Ramses

Ramses the Damned draws inspiration from the real-life Ramses II, one of ancient Egypt's most powerful and celebrated pharaohs. Known as Ramses the Great, he ruled during the 19th Dynasty and left behind an impressive legacy of monumental architecture, military conquests, and political influence. Anne Rice's fictional Ramses takes this historical figure and adds layers of fantasy and horror,

imagining what it might be like for such a powerful ruler to be cursed with immortality.

The Literary Impact of The Mummy or Ramses the Damned

The novel's approach to the mummy mythos was revolutionary. Instead of portraying the mummy as a simple monster, Rice's Ramses is a tragic hero with memories, desires, and a personality. This nuanced characterization paved the way for more sophisticated storytelling in horror and fantasy genres. The book also delves into themes of immortality, love, betrayal, and the clash between ancient civilizations and modernity, making it a rich narrative beyond just supernatural thrills.

The Mummy in Popular Culture: From Curse to Character

The concept of the mummy has been a staple in popular culture for over a century, and Ramses the Damned stands out as one of the most intriguing interpretations. The broader mummy myth has evolved from early horror films to complex stories involving archaeology, curses, and ancient magic.

The Evolution of Mummy Stories

Early 20th-century films like **The Mummy** (1932) starring Boris Karloff introduced audiences to the terrifying idea of a cursed pharaoh returning from the dead. These movies often focused on horror elements—curses, decay, and the supernatural. Over time, the mummy transformed from a mere monster into a multi-dimensional figure, especially in literature and more recent cinematic adaptations.

The character of Ramses the Damned exemplifies this shift. Unlike the silent, menacing mummies of old, Ramses speaks, thinks, and experiences complex emotions. This evolution reflects a broader trend in storytelling where monsters are humanized, and their stories become vehicles for exploring deeper themes.

Films and Media Inspired by Ramses the Damned

While Anne Rice's novels remain the primary source for Ramses the Damned, the character's allure has seeped into various media forms. Although there hasn't been a major blockbuster film directly adapting Rice's work, the influence is evident in movies like **The Mummy** (1999) and its sequels, where the mummy is more than a monster—it's a character with motives and backstory.

Additionally, Ramses the Damned has appeared in graphic novels and fan fiction, helping keep the character alive in contemporary storytelling. The concept of an immortal pharaoh wrestling with his past and present continues to inspire creators looking to blend history with fantasy.

Understanding the Mythology Behind The Mummy or Ramses the Damned

To truly appreciate the story of Ramses the Damned, it helps to understand the ancient Egyptian beliefs and mythology that underpin the character's existence.

The Egyptian Afterlife and Immortality

Ancient Egyptians were deeply invested in the idea of the afterlife. They believed the soul needed to be preserved and protected to journey safely beyond death. This belief led to sophisticated burial practices, including mummification, designed to keep the body intact for eternity.

Ramses the Damned's immortality is a twisted take on these traditions. Instead of a peaceful afterlife, he is cursed to wander the earth, never finding rest. His story taps into the fear and fascination with eternal life—a theme that resonates across cultures and ages.

Curses and Magic in Egyptian Lore

The idea of curses associated with tombs and mummies is a staple in Egyptology-inspired fiction. While real curses are mostly myths or exaggerations, they serve as powerful narrative devices. Ramses the Damned's curse is more than a plot point—it symbolizes the consequences of defying the natural order and the price of power and immortality.

Why The Mummy or Ramses the Damned Still Matters Today

In a world filled with endless stories of heroes and villains, the enduring appeal of Ramses the Damned lies in its timeless questions about life, death, and what lies beyond.

The Allure of Immortality

Who hasn't wondered what it would be like to live forever? The story of Ramses the Damned explores the highs and lows of immortality—the excitement of endless experiences and the pain of watching loved ones fade away. This duality makes the character relatable and compelling, even centuries after his original tale was penned.

A Bridge Between Past and Present

Ramses the Damned serves as a narrative bridge connecting modern readers to ancient history. Through his eyes, we glimpse the grandeur of Egypt's past and its enduring mysteries. This connection enriches our understanding of history while keeping the legend alive in contemporary culture.

Inspiration for Writers and Creators

For authors, filmmakers, and artists, Ramses the Damned is a source of inspiration—a character who embodies the clash between ancient and modern worlds, myth and reality. Exploring his story encourages creative reinterpretations and new stories that keep the mummy myth fresh and exciting.

Exploring Related Themes and Characters

Delving into the story of The Mummy or Ramses the Damned opens the door to a broader universe of related themes and iconic characters.

The Role of Cleopatra in Ramses' Story

In **Ramses the Damned: The Passion of Cleopatra**, Cleopatra VII is not just a historical figure but a key player in Ramses' saga. Their relationship adds romantic and political intrigue, enriching the narrative with layers of power struggles, passion, and immortality. This intertwining of two legendary figures amplifies the appeal of the story for history buffs and fantasy fans alike.

Mummies in Modern Horror and Fantasy

Beyond Ramses, the mummy archetype continues to evolve. From horror movies to video games, mummies are portrayed in countless ways—sometimes terrifying, sometimes heroic, and sometimes tragic. The key takeaway is that the mummy myth is remarkably adaptable, capable of reflecting changing cultural fears and fascinations.

Tips for Exploring The Mummy or Ramses the Damned Further

If you're intrigued by the legend of Ramses the Damned and want to dive deeper, here are some ways to enrich your experience:

- **Read Anne Rice's novels:** Starting with **The Mummy!** and continuing with **Ramses the Damned: The Passion of Cleopatra** offers the richest source material for the character and his world.
- **Watch classic and modern mummy films:** Compare different portrayals of mummies, from the 1932 classic to the action-packed 1999 adaptation.
- **Research ancient Egyptian history:** Understanding the real Ramses II and Egyptian burial practices adds depth to the fictional narrative.
- **Explore mythology and curses:** Learning about Egyptian magic and afterlife beliefs enhances the thematic elements of the story.
- **Engage with fan communities:** Online forums and fan fiction sites often provide fresh perspectives and creative expansions on Ramses' story.

The tale of *The Mummy* or *Ramses the Damned* remains a vibrant example of how ancient myths can be reimagined to explore timeless human themes. Whether you approach it as a gripping horror story, a piece of historical fantasy, or a meditation on immortality, Ramses offers a rich, captivating journey into the unknown.

Frequently Asked Questions

What is 'The Mummy or Ramses the Damned' about?

'The Mummy or Ramses the Damned' is a novel by Anne Rice that combines horror, adventure, and romance, focusing on the story of the ancient Egyptian pharaoh Ramses who is resurrected in the early 20th century, facing the challenges of immortality and modern life.

Who are the main characters in 'The Mummy or Ramses the Damned'?

The main characters include Ramses the Damned, the resurrected Egyptian pharaoh; Julie Stratford, a young woman who becomes involved with Ramses; and other supporting characters who interact with Ramses as he navigates the modern world.

Is 'The Mummy or Ramses the Damned' connected to Anne Rice's other works?

While 'The Mummy or Ramses the Damned' is a standalone novel, it shares Anne Rice's signature gothic and supernatural style, but it is not directly connected to her Vampire Chronicles or other series.

Has 'The Mummy or Ramses the Damned' been adapted into a movie or TV series?

As of now, there have been attempts to adapt 'The Mummy or Ramses the Damned' into a film, with several announcements over the years, but no official movie or TV series has been released yet.

What themes are explored in 'The Mummy or Ramses the Damned'?

The novel explores themes such as immortality, the clash between ancient and modern worlds, love and loss, the consequences of resurrection, and the ethical dilemmas surrounding eternal life.

Additional Resources

The Mummy or Ramses the Damned: An Analytical Exploration of a Timeless Literary and Cinematic Icon

the mummy or ramses the damned stands as a compelling fusion of ancient mythology, horror, and adventure, captivating audiences across different media for over a century. This title, often associated with the 1911 novel by Anne Rice and its thematic predecessors and descendants, delves into the resurrection of an ancient Egyptian pharaoh, Ramses, who awakens in the modern world with all the curses and powers that come with his immortality. The enduring fascination with this character and concept sheds light on the cultural interplay between history, fantasy, and the human psyche's perennial fascination with death and resurrection.

Origins and Literary Significance

The concept of “the mummy or Ramses the damned” originates primarily from Anne Rice’s 1989 novel, **The Mummy, or Ramses the Damned**, which reinvigorated the mummy mythos by combining classic horror tropes with her signature gothic style. Rice's narrative explores the psychological and philosophical implications of eternal life through Ramses, an ancient Egyptian king who is brought back to life after millennia. Unlike many earlier mummy stories—often centered around curses and supernatural revenge—Rice’s novel humanizes Ramses, presenting his internal conflicts, desires, and ethical dilemmas.

This novel is historically significant because it diverges from traditional mummy narratives popularized by early 20th-century films such as Universal’s 1932 **The Mummy** starring Boris Karloff. While those films emphasized horror and exoticism, Rice’s work integrates romance, immortality’s burden, and a more nuanced character study. The literary treatment of Ramses the Damned adds layers of complexity that have influenced subsequent portrayals in literature and media.

Thematic Exploration in “The Mummy or Ramses the Damned”

Immortality and Its Consequences

Central to the narrative is the exploration of immortality. Ramses’s return to life is not a blessing but a curse, as he grapples with eternal existence and the loss of all he once knew. This theme resonates with audiences fascinated by the human condition and the ethical quandaries of living beyond normal human lifespan. Unlike typical undead creatures, Ramses embodies intelligence, emotion, and moral reflection, setting the stage for deep philosophical inquiry into what it means to be truly alive.

Historical and Cultural Juxtaposition

The juxtaposition of ancient Egyptian culture against the backdrop of the early 20th century or modern times (depending on the adaptation) creates a dynamic tension that enriches the story. Ramses’s ancient worldview often clashes with contemporary morals and technology, offering a critique of both eras. This cultural collision invites readers and viewers to reflect on progress, tradition, and the persistence of ancient beliefs in modern consciousness.

Love, Power, and Revenge

The narrative frequently intertwines themes of love and power, with Ramses’s relationships—particularly romantic ones—highlighting his vulnerability despite his god-like status. Revenge also emerges as a driving force behind many mummy tales, but in “Ramses the Damned,” it is nuanced by personal motivations and the broader consequences of vengeance.

Comparative Analysis: The Mummy in Literature and Film

The figure of the mummy has undergone significant evolution, with “the mummy or Ramses the damned” marking a pivotal point in this transformation. Early literature and cinema portrayed mummies as monstrous antagonists, often stripped of personality, serving mainly as symbols of exotic dread and curse-driven horror.

In contrast, Anne Rice’s interpretation humanizes the mummy, aligning more closely with modern sensibilities that appreciate character complexity. This shift parallels the broader trend in horror and fantasy genres toward antiheroes and morally ambiguous figures.

Several film adaptations and inspired works bear mention:

- **Universal’s The Mummy (1932):** Established the classic horror mummy trope, emphasizing mystery and supernatural terror.
- **The Mummy (1999) and its sequels:** Hollywood blockbusters that blend action, adventure, and fantasy with mummy mythology, focusing more on entertainment than psychological depth.
- **Anne Rice’s novel adaptation attempts:** While the novel has not been directly adapted into a major film, its influence is evident in nuanced portrayals of undead characters in literature and media.

These variations reflect how “the mummy or Ramses the damned” has inspired diverse interpretations, each catering to different audience expectations and cultural contexts.

LSI Keywords Integration: The Mummy, Ramses the Damned, Ancient Egyptian Pharaoh, Immortal Curse, Gothic Horror, Resurrection Myth, Egyptian Mythology

The persistent allure of “the mummy or Ramses the damned” is rooted in its connection to ancient Egyptian pharaoh lore and the broader resurrection myth, themes deeply embedded in Egyptian mythology. The immortal curse motif is a staple in gothic horror, appealing to readers and viewers who seek narratives that combine suspense, supernatural elements, and historical intrigue.

Ramses, as an ancient Egyptian pharaoh brought to life, embodies these motifs, serving as a bridge between past and present. His story allows exploration of the ramifications of resurrection, both physical and metaphysical, while inviting audiences to reconsider the cultural significance of ancient Egypt beyond mere archetypes.

Character Complexity and Narrative Depth

One of the most compelling aspects of “the mummy or Ramses the damned” is the depth of character development. Ramses is not merely a reanimated corpse but a fully realized personality, with motivations, regrets, and desires that humanize him. This complexity challenges traditional horror stereotypes and enriches the narrative by encouraging empathy and philosophical reflection.

Pros and Cons of the Ramses Mythos in Popular Culture

- **Pros:**

- Offers a rich blend of history and fiction that appeals to diverse audiences.

- Allows exploration of timeless themes such as mortality, power, and love.
- Encourages cultural appreciation of ancient Egyptian civilization.
- **Cons:**
 - Risk of perpetuating stereotypes or inaccuracies about ancient Egypt.
 - Potential oversaturation due to frequent adaptations and reinterpretations.
 - Some audiences may find the blend of horror and romance dissonant.

The Mummy or Ramses the Damned in Contemporary Context

In today's media landscape, "the mummy or Ramses the damned" continues to inspire new stories across books, films, and television series. The fascination with immortal beings and ancient curses remains strong, reflecting ongoing cultural interests in life after death and the mystical allure of Egyptology.

Moreover, with advances in CGI and storytelling technology, contemporary adaptations have the potential to bring unprecedented realism and psychological depth to the character of Ramses. This evolution underscores the enduring relevance of the mummy myth, ensuring that Ramses the Damned remains a potent figure in popular culture.

The resonance of “the mummy or Ramses the damned” reflects humanity’s complex relationship with history, mortality, and the supernatural. Whether as a symbol of ancient power or a tragic figure burdened by immortality, Ramses continues to captivate and provoke thought, standing as a testament to the lasting power of myth and storytelling.

the mummy or ramses the damned: The Mummy or Ramses the Damned Anne Rice, 2011-03-16 NEW YORK TIMES BESTSELLER • Ramses the Great returns in this “darkly magical” (USA Today) novel from bestselling author Anne Rice “The reader is held captive and, ultimately, seduced.”—San Francisco Chronicle Ramses the Great lives! But having drunk the elixir of life, he is now Ramses the Damned, doomed forever to wander the earth, desperate to quell hungers that can never be satisfied—for food, for wine, for women. Reawakened in opulent Edwardian London, he becomes Dr. Ramsey, expert in Egyptology. He also becomes the close companion of voluptuous, adventurous Julie Stratford, heiress to a vast shipping fortune and the center of a group of jaded aristocrats with appetites of their own to appease. But the pleasures Ramses enjoys with Julie cannot soothe him. Searing memories of his last reawakening, at the behest of Cleopatra, his beloved Queen of Egypt, burn in his immortal soul. And though he is immortal, he is still all too human. His intense longings for his great love, undiminished over the centuries, will force him to commit an act that will place everyone around him in the gravest danger. . . .

the mummy or ramses the damned: The Mummy! A Tale of the Twenty-Second Century Jane Webb, 2022-04-05 Frankenstein wasn't the only classic horror novel created by a woman. Within a decade of the 1818 publication of Mary Shelley's Frankenstein, another Englishwoman invented a foundational work of science fiction. Seventeen-year-old Jane Webb Loudon took up the theme of reanimation, moved it three hundred years into the future, and applied it to Cheops, an ancient Egyptian mummy. Unlike Shelley's horrifying, death-dealing monster, this revived creature bears the wisdom of the ages and is eager to share his insights with humanity. Cheops boards a hot-air balloon and travels to 22nd-century England, where he sets about remedying the ills of a corrupt government. In recounting Cheops' attempts to put the futuristic society to rights, the young author offers a fascinating portrait of the preoccupations of her own era as well as some remarkably prescient predictions of technological advances. The Mummy! envisions a world in which automatons perform surgery, undersea tunnels connect England and Ireland, weather-control devices provide crop irrigation, and messages are transmitted with the speed of cannonball fire. The first novel to feature the concept of a living mummy, this pioneering tale offers an engaging mix of comedy, politics, and science fiction. Other books in the Haunted Library of Horror Classics series: The Phantom of the Opera by Gaston Leroux The Beetle by Richard Marsh Vathek by William Beckford The House on the Borderland by William Hope Hodgson The Parasite and Other Tales of Terror by Arthur Conan Doyle Of One Blood by Pauline Hopkins The King in Yellow by Robert W. the mummy or ramses the damned: The Mummy on Screen Basil Glynn, 2019-11-28 The

Mummy is one of the most recognizable figures in horror and is as established in the popular imagination as virtually any other monster, yet the Mummy on screen has until now remained a largely overlooked figure in critical analysis of the cinema. In this compelling new study, Basil Glynn explores the history of the Mummy film, uncovering lost and half-forgotten movies along the way, revealing the cinematic Mummy to be an astonishingly diverse and protean figure with a myriad of on-screen incarnations. In the course of investigating the enduring appeal of this most 'Oriental' of monsters, Glynn traces the Mummy's development on screen from its roots in popular culture and silent cinema, through Universal Studios' Mummy movies of the 1930s and 40s, to Hammer Horror's re-imagining of the figure in the 1950s, and beyond.

the mummy or ramses the damned: *The Mummy's Curse* Jasmine Day, 2006-09-27 The most penetrating study of the curse ever conducted, *The Mummy's Curse* uncovers forgotten nineteenth-century fiction and poetry, revolutionizes the study of mummy horror films, and reveals the prejudices embedded in children's toys. Examining original surveys and field observations of museum visitors demonstrate that media stereotypes - to which museums inadvertently contribute - promote vilification of mummies, which can invalidate demands for their removal from display. Jasmine Day shows that the curse's structure and meaning has changed over time, as public attitudes toward archaeology and the Middle East were transformed by events such as the discovery of Tutankhamun's tomb. The riddle of the 'curse of the pharaohs' is finally solved via a radical anthropological treatment of the legend as a cultural concept rather than a physical phenomenon. A must for anyone interested in this ancient and mystifying legend.

the mummy or ramses the damned: *Mummies around the World* Matt Cardin, 2014-11-17 Perfect for school and public libraries, this is the only reference book to combine pop culture with science to uncover the mystery behind mummies and the mummification phenomena. Mortality and death have always fascinated humankind. Civilizations from all over the world have practiced mummification as a means of preserving life after death—a ritual which captures the imagination of scientists, artists, and laypeople alike. This comprehensive encyclopedia focuses on all aspects of mummies: their ancient and modern history; their scientific study; their occurrence around the world; the religious and cultural beliefs surrounding them; and their roles in literary and cinematic entertainment. Author and horror guru Matt Cardin brings together 130 original articles written by an international roster of leading scientists and scholars to examine the art, science, and religious rituals of mummification throughout history. Through a combination of factual articles and topical essays, this book reviews cultural beliefs about death; the afterlife; and the interment, entombment, and cremation of human corpses in places like Egypt, Europe, Asia, and Central and South America. Additionally, the book covers the phenomenon of natural mummification where environmental conditions result in the spontaneous preservation of human and animal remains.

the mummy or ramses the damned: *The Mammoth Book Of the Mummy* Paula Guran, 2017-01-12 Human mummies, preserved by both accident and intent, have been found on every continent except Antarctica. These enigmatic remains of humanity have fascinated people for centuries. Shrouded in history they have acquired meaning and symbolism quite separate from their value as a source of historic knowledge, inspiring tales of reanimation, reincarnation, loves that outlive death, and curses that bring vengeance from the past. As a figure of horror and the supernatural the mummy has attained iconic status in the popular imagination. *The Mammoth Book of the Mummy* presents a collection of tales written for the twenty-first century - including some brand-new stories - that explore, subvert and reinvent the mummy mythos; some delve into the past, others explore alternative histories, and some bring mummies into our own world. Here you will find stories of revenge, romance, monsters and mayhem, ranging freely across time periods, genres and styles, by Kage Baker, Gail Carriger, Paul Cornell, Carole Nelson Douglas, Terry Dowling, Noreen Doyle, Steve Duffy, Karen Joy Fowler, Will Hill, Stephen Graham Jones, John Langan, Joe R. Lansdale, Helen Marshall, Kim Newman, Norman Partridge, Adam Roberts, Robert Sharp, Angela Slatter, Keith Taylor and Lois Tilton.

the mummy or ramses the damned: *The Mummy* Anne Rice, 2004 Doomed forever to wander

the earth, desperate to quell his insatiable hungers, Ramses the Damned turns up in Edwardian London as Dr. Ramsey and begins a romance with heiress Julie Stratford, but his cursed past again propels him toward disaster.

the mummy or ramses the damned: Historical Dictionary of Gothic Literature William Hughes, 2012-12-19 Literary fashions come and go, but some hang around longer than others, like Gothic literature which has existed ever since The Castle of Otranto in 1764. During this long while, it has spread from England, to the rest of Great Britain, and across to the continent, and off to America and Australia, filling in the gaps more recently. Most of it is in English, but hardly all, and it has adopted all styles, from romanticism, to modernism, to postmodernism and even adjusted to feminist and queer literature, and science fiction. We have all, read some Gothic tales or if not read then seen them in the cinema, since they adapt well to film treatment, and it would be hard to find anyone who has not heard of ghosts and vampires, let alone Count Dracula and Frankenstein. On the other hand, some of us are inveterate Gothic fans, reading one book or story after the other. The Historical Dictionary of Gothic Literature follows this long and winding path, first in an extensive chronology and then a useful introduction which explains the nature of Gothic and shows how it has evolved. Obviously, the dictionary section has entries on major writers, and some of the best-known works, but also on geographical variants like Irish, Scottish or Russian Gothic and Female Gothic, Queer Gothic and Science Fiction. This is provided in over 200 often substantial and always intriguing entries. More can be found in a detailed bibliography, including general works but also more specialized ones on different styles and genres, and also specific authors. This book should certainly interest the fans but also more serious researchers.

the mummy or ramses the damned: The Ashgate Encyclopedia of Literary and Cinematic Monsters Jeffrey Andrew Weinstock, 2016-04-01 From vampires and demons to ghosts and zombies, interest in monsters in literature, film, and popular culture has never been stronger. This concise Encyclopedia provides scholars and students with a comprehensive and authoritative A-Z of monsters throughout the ages. It is the first major reference book on monsters for the scholarly market. Over 200 entries written by experts in the field are accompanied by an overview introduction by the editor. Generic entries such as 'ghost' and 'vampire' are cross-listed with important specific manifestations of that monster. In addition to monsters appearing in English-language literature and film, the Encyclopedia also includes significant monsters in Spanish, French, Italian, German, Russian, Indian, Chinese, Japanese, African and Middle Eastern traditions. Alphabetically organized, the entries each feature suggestions for further reading. The Ashgate Encyclopedia of Literary and Cinematic Monsters is an invaluable resource for all students and scholars and an essential addition to library reference shelves.

the mummy or ramses the damned: Histories of Egyptology William Carruthers, 2014-07-11 Histories of Egyptology are increasingly of interest: to Egyptologists, archaeologists, historians, and others. Yet, particularly as Egypt undergoes a contested process of political redefinition, how do we write these histories, and what (or who) are they for? This volume addresses a variety of important themes, the historical involvement of Egyptology with the political sphere, the manner in which the discipline stakes out its professional territory, the ways in which practitioners represent Egyptological knowledge, and the relationship of this knowledge to the public sphere. Histories of Egyptology provides the basis to understand how Egyptologists constructed their discipline. Yet the volume also demonstrates how they construct ancient Egypt, and how that construction interacts with much wider concerns: of society, and of the making of the modern world.

the mummy or ramses the damned: Poe Evermore David Huckvale, 2014-10-20 Edgar Allan Poe exerted a profound influence on many aspects of 20th century culture, and continues to inspire composers, filmmakers, writers and artists. Popularly thought of as a horror writer, Poe was also a philosophical aesthete, a satirist, a hoaxer, a psychologist and a prophet of the anxieties and preoccupations of the modern world. Alphabetically arranged, this book explores Poe's major works both in their own right and in terms of their impact on others, including Baudelaire, who translated his works into French; Debussy, Rachmaninoff and the Alan Parsons' Project, who set them to music;

Roger Corman, Federico Fellini and Jean Epstein, who interpreted his visions for film audiences; and television shows such as *The Six Million Dollar Man* and *Time Tunnel*, which borrowed his imagery (and, in the case of *The Simpsons*, sent it up). A wide range of other responses to his compelling *Tales of Mystery and Imagination*, his poetry and the theoretical writings, combine strongly to suggest that Poe's legacy will indeed last forevermore.

the mummy or ramses the damned: Consuming Ancient Egypt Sally MacDonald, Michael Rice, 2016-06-16 *Consuming Ancient Egypt* examines the influence of Ancient Egypt on the everyday lives of contemporary people, of all ages, throughout the world. It looks at the Egypt tourist sees, Egypt in film and Egypt as the inspiration for opera. It asks why so many books are published each year on Egyptological subjects at all levels, from the austere academic to the riotous celebrations of Egypt as a land of mystery, enchantment and fantasy. It then considers the ways in which Ancient Egypt interacts with the living world, in architecture, museum going, the acquisition of souvenirs and reproductions, design, and the perpetual appeal of the mummy. The significance of Egypt as an adjunct to (and frequently the subject of) marketing in the consumer society is examined. It reveals much about Egypt's immemorial appeal and the psychology of those who succumb to its magic.

the mummy or ramses the damned: The Horror Readers' Advisory Becky Siegel Spratford, Tammy Hennigh Clausen, 2004 It's a dark and scary world. Pans are tabid. Blood, guts, and gore are the norm. Welcome to the horror genre. Horror classics have been scaring people for years. Nowadays, who doesn't know about Stephen King, Anne Rice, and Dean Koontz? Profiled in a special section, the Big Three have turned horror into best-sellers. For all the horror fans that haunt your library, this is the must-have guide. Readers' advisors and reference librarians will appreciate the key tools provided to expand upon this genre, including listings of top books, authors, and award winners within eleven horror subgenres - like mummies, biomedical, monsters, and splatterpunk. Clear descriptions of characteristics within subgenres are provided throughout. To further help you engage new readers, expert horror mavens Spratford and Clausen draw a savvy connection between film and horror as a potent reminder that the scariest movies have been adapted from novels. Their classic and contemporary recommendations like *Rebecca*, *The Shining*, and *Rosemary's Baby* reinforce activities between readers' advisors and library programming and open up the (cellar) door for further patron involvement. Readers' advisors and referen

the mummy or ramses the damned: A Mystery from the Mummy-Pits Frank L. Holt, 2024 This book recounts the eventful life of Ankh-Hap, a Ptolemaic-era mummy seized in the nineteenth century from infamous mummy-pits of Egypt. In piecing together Ankh-Hap's story, including details of his life in Egypt and the journey his mummy took to and through America, *A Mystery from the Mummy-Pits* provides a fascinating glimpse into a dark chapter of mummy history.

the mummy or ramses the damned: "You, who Disturb My Sleep..." - The Figure of the Mummy in 19th and 20th Century American Literature Desirée Kuthe, 2007-11 Seminar paper from the year 2006 in the subject American Studies - Literature, grade: 1,3, University of Dortmund (Institut für Anglistik und Amerikanistik), course: Way down to Egypt's Land, 9 entries in the bibliography, language: English, abstract: The fascination with old Egypt, which came up in the western world after Napoleon's conquest of Egypt in 1798 and reached a peak in 19th century America, was uttered in a vast amount of novels and stories concerned with Egypt and its symbols. One of the most important of these symbols, among pyramids and Pharaohs, is the mummy - the human body, which has 'survived' not only centuries but millenniums. The interest of novelists with Egypt in general and the mummy in particular may have been in its zenith in 19th century, but it has never completely ceased, as the great variety of books about mummies recently published shows. In this paper, Louisa May Alcott's little-known short story (Trafton 2005:126) *Lost in a Pyramid or the Mummy's Curse*, which was published in 1869, will be compared to a novel by Anne Rice: *The Mummy or Ramses the Damned*, having been published in 1980, but having chosen a setting at the beginning of the 20th century (1914). This paper wants to show, that in spite of having been written with 111 years' time distance, the two texts, use a surprisingly similar set of themes and motives to develop their story. After a short exploration of the historical background of the two texts, I will try

to identify and analyze these elements. The examination of the single motives will then lead to the question of a general classification of the two texts, answering the question if, or if not, they belong to the Gothic genre. This paper will also try to make clear, that regardless of the similarity of the set of conventions used in the texts, the means with which this set has been used differ very much.
