good earthstudy guide answer key: Early Ecotheology and Joseph Sittler Panu Pihkala, 2017 When did Christians begin to address environmental questions? What can be learned from these pioneering thinkers? This study reveals that between 1910 and 1954 many theologians called for responsibility towards nature. The focal point is the work of Joseph Sittler (1904-1987), an American Lutheran and ecumenical theologian. The role of these early ecotheologians is discussed in relation to environmental history and education. The findings show that ecotheology was not as strongly separated from other environmentalism as it was after the 1960s. (Series: Studies in

Mr. Webster addresses misunderstandings about Christian love and the nature of sin, saving faith, Christian hope (heaven), God's plan, the role of suffering, the role of prayer, the role of Christian forgiveness, and the role of the church, taking the reader back to the Bible over and over to show that Christianity was always meant to be exciting and good.
