As a robust academic resource, this volume serves not only as an introductory compendium for students but also as a comprehensive reference for scholars seeking a global perspective on art's evolution. The book's approach to art history is distinguished by its global scope, integrated thematic narratives, and attention to cultural context, setting it apart from many traditional Western-centric art history texts.

Comprehensive Scope and Global Perspective

One of the defining features of **gardner's art through the ages a global history volume i** is its commitment to presenting art history as a worldwide phenomenon. Unlike many art history textbooks that primarily focus on European art, this volume embraces an inclusive approach. This global narrative broadens the reader's understanding of how art functions as a universal language while also reflecting distinct cultural identities and socio-political influences.

The inclusion of non-Western art traditions offers a balanced view that challenges the Eurocentric bias prevalent in earlier editions and competing texts. Concise and original, this accessible second edition continues to act as an antidote to the behemoth art history textbooks of the past. Cultures have their own stories – about themselves, about other cultures – and to hear them all is one way to hear the multiple stories that art tells. James Elkins persuasively demonstrates there can never be one story of art now that art historians are concerned with gender, diversity, inclusiveness, and decolonization. Stories of Art is an interactive, iconoclastic text,

encouraging readers to imagine how they would present art history in an age of multiple narratives. Elkins discusses decolonizing the discipline, representing race and ethnicity, Eurocentrism, post-nationalism, and indigenous voices while examining histories of art written in China, Persia, Turkey, and India. This new edition features QR codes to 27 short videos that introduce challenging ideas about art and history in a clear and open way, encouraging active reading, and including ideas for writing exercises and class conversations.
