This guide aims to provide a comprehensive overview of the key concepts, legal requirements, and practical tips that will help you confidently handle electronic notarizations in New York.

Understanding Electronic Notarization in New York State

Electronic notarization refers to the process of notarizing documents in a digital format rather than on paper. What is an Electronic Notary Public?

An electronic notary public in New York is a notary who has been authorized to perform notarizations using electronic means. 3. **Record-Keeping:** Electronic notarizations necessitate digital journals and audio/video recordings, whereas traditional notarizations rely on manual record books.
