

eaters of the dead

Eaters of the Dead: Exploring the Myth, History, and Cultural Impact

eaters of the dead is a phrase that conjures vivid images of ancient warriors, fearsome creatures, and haunting legends. It's a term that has found its way into literature, film, and folklore, often wrapped in mystery and intrigue. But what exactly does it mean, and where does this concept come from? In this article, we'll dive deep into the fascinating world of eaters of the dead, uncovering its origins, its cultural significance, and the various ways it has been represented throughout history.

The Origins of Eaters of the Dead

The phrase "eaters of the dead" is famously associated with the 1976 novel by Michael Crichton, which was later adapted into the 1999 film "The 13th Warrior." However, the idea behind it is much older and rooted in the myths and legends of different cultures.

Historical and Mythological Roots

One of the primary sources that inspired the novel and film is the historical account of Ahmad ibn Fadlan, a 10th-century Arab traveler who documented his encounters with the Volga Vikings. In his writings, he described the terrifying rituals and customs of these Norse warriors, including their battles with mysterious tribes known as the "eaters of the dead." These tribes were believed to be barbaric, cannibalistic groups living on the fringes of civilization.

The concept of "eaters of the dead" also echoes themes found in various mythologies where creatures or tribes consume the flesh of the deceased or engage in rituals involving the dead. From the ghouls in Arabian folklore to zombies in Haitian lore, these beings often symbolize fear of death, the unknown, or the breaking of social taboos.

The 13th Warrior and Its Impact on Popular Culture

Michael Crichton's novel "Eaters of the Dead" combined the historical figure of Ahmad ibn Fadlan with the epic tale of Beowulf, creating a unique blend of fact and fiction. This story brought the idea of eaters of the dead into mainstream awareness.

Plot and Themes

In "The 13th Warrior," the protagonist, Ahmad ibn Fadlan, finds himself among a group of

Viking warriors who must confront an ancient enemy terrorizing their lands. The “eaters of the dead” in this narrative are savage creatures that attack villages and feast on human flesh, evoking a mix of horror and heroism.

The novel and its film adaptation explore themes such as cultural clash, survival, and the nature of heroism. They also delve into the primal fears humans have about death and the desecration of the body after death, which makes the title “eaters of the dead” resonate on a psychological level.

Influence on Media and Entertainment

Beyond the book and film, the concept of eaters of the dead has influenced other forms of media. The term often appears in fantasy literature, horror movies, and role-playing games where undead creatures or cannibalistic tribes are featured. This widespread use highlights the enduring fascination with the idea of beings who consume the dead, whether as a metaphor or literal horror element.

Cultural Significance of Eating the Dead

Eating the dead is not just a fictional or mythological theme; it has anthropological and cultural dimensions that are worth exploring.

Ritualistic Cannibalism in History

Throughout history, some cultures have practiced ritualistic cannibalism, often in the context of honoring the dead or absorbing their spirit. For example:

- **The Fore people of Papua New Guinea:** Known for endocannibalism, where they consumed deceased relatives as part of funerary rites, believing it helped keep the spirit alive within the community.
- **Aztec civilization:** Some evidence suggests ritual cannibalism was part of their religious ceremonies, linked to human sacrifice and the gods.
- **Various indigenous tribes:** Some practiced forms of cannibalism during warfare to intimidate enemies or demonstrate dominance.

These practices, while often shocking to outsiders, had deep cultural meanings and were not acts of mere savagery.

The Symbolism Behind Eaters of the Dead

The idea of beings who consume the dead can symbolize a variety of human fears and beliefs:

- **Fear of death and decay:** The dead body is a potent symbol of mortality, and creatures that feed on it embody our anxieties about death's finality.
- **The cycle of life and rebirth:** In some beliefs, consuming the dead is a way to transfer their power or spirit, highlighting themes of continuity.
- **Social taboos and the boundary of civilization:** Eating human flesh often represents crossing lines of morality, law, and order, emphasizing the contrast between "civilized" and "barbaric."

Understanding these symbolic meanings helps explain why the concept of eaters of the dead persists in storytelling and cultural imagination.

Modern Interpretations and Scientific Perspectives

While the idea of eaters of the dead is rooted in myth and history, modern science has also shed light on some related phenomena.

Decomposition and Scavengers

In the natural world, many animals consume dead bodies as part of the ecological cycle. Scavengers like vultures, hyenas, and insects play a vital role in breaking down organic matter. This biological reality may have inspired or reinforced human stories about creatures or people who eat the dead.

Forensic Anthropology and Cannibalism Evidence

Forensic scientists have studied archaeological sites where evidence of cannibalism is present, such as cut marks on bones or signs of cooking. These findings provide insight into the circumstances—whether survival, ritual, or warfare—that led ancient peoples to consume human flesh.

Psychological and Cultural Studies

Researchers have also explored how fear of death and the taboo of cannibalism influence human psychology and culture. The “eaters of the dead” motif taps into deep-seated anxieties and serves as a powerful narrative device to explore themes of survival, morality, and the unknown.

Tips for Exploring Eaters of the Dead in Literature and Media

If you're intrigued by the concept of eaters of the dead and want to explore it further, here are some pointers:

- **Read Michael Crichton's novel:** It offers a fascinating mix of history and legend with rich character development.
- **Watch “The 13th Warrior” film:** While not a perfect adaptation, it visually brings to life the atmosphere of the story.
- **Explore related folklore:** Investigate myths about ghouls, zombies, and cannibalistic tribes from different cultures to see how the theme varies globally.
- **Dive into anthropology books:** Understanding real-world practices of ritual cannibalism and funerary customs can deepen your appreciation of the theme.
- **Look for fantasy and horror media:** Many games, novels, and movies use the concept of eaters of the dead to create thrilling and eerie narratives.

Engaging with these resources will enrich your understanding and enjoyment of this captivating subject.

The idea of eaters of the dead continues to captivate our imagination because it touches on universal themes of death, survival, and the boundaries between civilization and savagery. Whether encountered in ancient texts, modern novels, or cinematic adventures, it remains a powerful symbol of humanity's enduring fascination with what lies beyond the veil of mortality.

Frequently Asked Questions

What is 'Eaters of the Dead' about?

'Eaters of the Dead' is a novel by Michael Crichton that combines historical fiction with

elements of fantasy and adventure, retelling the story of Beowulf through the eyes of an Arab scholar who encounters Viking warriors and mythical creatures.

Who is the author of 'Eaters of the Dead'?

The author of 'Eaters of the Dead' is Michael Crichton, known for his works in the science fiction, thriller, and historical fiction genres.

Is 'Eaters of the Dead' based on a true story?

'Eaters of the Dead' is a fictionalized account inspired by the Old English epic poem Beowulf and historical Viking culture, blending fact with myth.

Has 'Eaters of the Dead' been adapted into a movie?

Yes, 'Eaters of the Dead' was adapted into a film titled 'The 13th Warrior' in 1999, starring Antonio Banderas.

What is the significance of the title 'Eaters of the Dead'?

The title 'Eaters of the Dead' refers to the mysterious and terrifying creatures that the protagonists encounter, which are central to the novel's conflict and mythology.

How does 'Eaters of the Dead' reinterpret the Beowulf legend?

'Eaters of the Dead' retells the Beowulf story from the perspective of Ahmad ibn Fadlan, an Arab traveler, providing a historical and cultural context to the legendary events.

What themes are explored in 'Eaters of the Dead'?

The novel explores themes such as cultural clash, survival, heroism, mythology versus reality, and the blending of history with legend.

What time period is depicted in 'Eaters of the Dead'?

'Eaters of the Dead' is set in the early 10th century, during the Viking Age, reflecting the era's social and cultural dynamics.

Why is 'Eaters of the Dead' popular among fans of historical fiction?

It is popular because it skillfully combines meticulous historical research with thrilling storytelling, offering a unique perspective on Viking history and mythology through an engaging narrative.

Eaters of the Dead: An Analytical Exploration of Michael Crichton's Unique Historical Fantasy

eaters of the dead is a phrase that immediately conjures images of primal survival, ancient rituals, and the macabre intersection of history and myth. As a novel and later a film adaptation, "Eaters of the Dead" occupies a distinctive niche within the literary and cinematic landscapes, blending historical fiction with elements of fantasy and anthropological inquiry. Originally penned by Michael Crichton in 1976, the work offers a profound reinterpretation of the Beowulf epic, infusing it with a scholarly rigor and narrative innovation that merits close examination.

Understanding "Eaters of the Dead": Context and Origins

At its core, "Eaters of the Dead" serves as a fictionalized retelling of the Old English epic poem Beowulf, filtered through the lens of a 10th-century Arab traveler named Ahmad ibn Fadlan. Crichton utilizes the frame narrative of ibn Fadlan's real historical account of the Volga Vikings to ground the story in authenticity, before seamlessly transitioning into a mythic adventure involving barbarian tribes and monstrous antagonists. This blending of documented history with mythic storytelling differentiates "Eaters of the Dead" from conventional historical fiction.

The title itself references the mysterious "mist-monsters" or Wendol, perceived by the Norse characters as cannibalistic beings—hence "eaters of the dead." This term encapsulates one of the book's primary thematic concerns: the confrontation between civilization and savagery, as well as the ways in which cultural narratives evolve from encounters with the unknown.

Literary and Cinematic Interpretations

The novel's structure is notable for its pseudo-anthropological style, presented as a manuscript translated from ibn Fadlan's writings by a modern editor. This narrative device lends an academic tone, inviting readers to engage with the text as both a historical document and a piece of speculative fiction. Crichton's meticulous research into Viking culture, Norse mythology, and medieval Islamic travelogues underpins the story's credibility, while his imaginative embellishments create a vibrant, immersive world.

In 1999, the novel was adapted into a film titled "The 13th Warrior," starring Antonio Banderas as ibn Fadlan. While the film diverged from the source material in several respects—most notably simplifying complex themes and focusing more heavily on action sequences—it introduced "Eaters of the Dead" to a broader audience. Critics have debated the film's success, with some praising its atmospheric recreation of Viking life and others lamenting its narrative dilution.

The Portrayal of Vikings and Cultural Exchange

One of the most compelling aspects of "Eaters of the Dead" is its portrayal of Viking society. Rather than relying on stereotypical depictions of Vikings as mere marauders, Crichton presents a nuanced picture of a warrior culture with its own codes of honor, social structures, and belief systems. The detailed descriptions of their rituals, weaponry, and daily life contribute to a richer understanding of this often-misrepresented group.

Moreover, the interaction between ibn Fadlan, a Muslim emissary, and the Norsemen highlights the complexities of cultural exchange during the medieval period. The narrative explores themes of otherness, mutual curiosity, and the limits of understanding across language and custom. This intercultural dialogue is central to the story, offering readers insight into the dynamics of medieval diplomacy and ethnography.

Mythology and the "Monsters" of the Narrative

Central to the suspense and intrigue of "Eaters of the Dead" are the Wendol, enigmatic creatures that embody the fears and superstitions of the Viking characters. Crichton's depiction of these beings blends folklore with plausible biological explanations, a hallmark of his writing style. By grounding the mythic in the scientific, he challenges readers to reconsider the origins of legends and the ways in which human societies interpret natural phenomena.

This approach aligns with broader trends in speculative fiction, where monsters often symbolize internal or societal conflicts. In this case, the Wendol can be seen as metaphors for the unknown—both geographic and psychological—that confronts ibn Fadlan and his companions. Their presence drives the narrative tension and prompts reflection on the nature of fear and survival.

Comparative Analysis: "Eaters of the Dead" and Beowulf

To appreciate the innovation of "Eaters of the Dead," it is instructive to compare it with the original Beowulf epic. Both works center around heroic quests and battles against formidable foes, yet Crichton's version reframes the story through a modern lens. By situating the tale within a documented historical context, he demystifies aspects of the legend while preserving its core dramatic elements.

Unlike the poetic and symbolic style of Beowulf, "Eaters of the Dead" adopts a prose format that emphasizes realism and ethnographic detail. This shift invites readers to view the narrative less as myth and more as plausible history, albeit one tinged with imaginative interpretation. Additionally, the inclusion of a non-Norse narrator provides an outsider's perspective that challenges the ethnocentric biases often present in traditional retellings.

Strengths and Limitations

The strengths of "Eaters of the Dead" lie in its rich world-building, interdisciplinary approach, and innovative narrative framing. Crichton's ability to merge history, anthropology, and storytelling creates a multifaceted work that appeals to diverse audiences—from history buffs and mythology enthusiasts to fans of adventure fiction.

However, the novel's complexity and academic tone may pose challenges for some readers. The dense cultural references and pseudo-scholarly style require a certain level of engagement and background knowledge. Additionally, the film adaptation's emphasis on action over nuance potentially obscures the novel's deeper themes, which might limit its impact on popular culture.

Legacy and Influence in Popular Culture

Since its publication, "Eaters of the Dead" has influenced various media forms, contributing to a renewed interest in Viking history and mythology within popular culture. It prefigured a wave of historical fiction that blends factual research with imaginative storytelling—an approach now prevalent in works ranging from television series to video games.

The novel's exploration of cultural encounters and myth-making resonates with contemporary audiences interested in the intersections of history, identity, and narrative construction. Its impact is evident in the ongoing fascination with Viking sagas and the reinterpretation of ancient legends through modern perspectives.

In sum, "Eaters of the Dead" stands as a testament to Michael Crichton's versatility as a writer and his commitment to blending entertainment with intellectual inquiry. Whether approached as a literary work or a cinematic experience, it invites readers and viewers alike to reconsider the boundaries between fact and fiction, history and myth.

Eaters Of The Dead

eaters of the dead: Eaters of the Dead Kevin J. Wetmore, Jr., Kevin J. Wetmore Jr, 2021-09-16
Spanning myth, history, and contemporary culture, a terrifying and illuminating excavation of the meaning of cannibalism. Every culture has monsters that eat us, and every culture repels in horror when we eat ourselves. From Grendel to medieval Scottish cannibal Sawney Bean, and from the Ghuls of ancient Persia to The Texas Chainsaw Massacre, tales of being consumed are both universal and universally terrifying. In this book, Kevin J. Wetmore Jr. explores the full range of monsters that eat the dead: ghouls, cannibals, wendigos, and other beings that feast on human flesh. Moving from myth through history to contemporary popular culture, Wetmore considers everything from ancient Greek myths of feeding humans to the gods, through sky burial in Tibet and Zoroastrianism, to actual cases of cannibalism in modern societies. By examining these seemingly inhuman acts, *Eaters of the Dead* reveals that those who consume corpses can teach us a great deal about human nature—and our deepest human fears.

eaters of the dead: Eaters of the Dead Michael Crichton, 2012-05-14 From the bestselling author of Jurassic Park, Timeline, and Sphere comes an epic tale of unspeakable horror. It is 922 A.D. The refined Arab courtier Ibn Fadlan is accompanying a party of Viking warriors back to their home. He is appalled by their customs—the gratuitous sexuality of their women, their disregard for cleanliness, and their cold-blooded sacrifices. As they enter the frozen, forbidden landscape of the North—where the day's length does not equal the night's, where after sunset the sky burns in streaks of color—Fadlan soon discovers that he has been unwillingly enlisted to combat the terrors in the night that come to slaughter the Vikings, the monsters of the mist that devour human flesh. But just how he will do it, Fadlan has no idea.

eaters of the dead: *Necronomicon* Donald Tyson, 2004 A supposed translation of H.P. Lovecraft's 1920 forbidden text: *Necronomicon*.

eaters of the dead: The Dead Sociologists Society Mark Stobbe, 2021-11-24 In *The Dead Sociologists Society*, Mark Stobbe manages to attend a meeting of the Dead Sociologists Society where he learns that the magical struggle between Harry Potter and Lord Voldemort really happened. The Harry Potter series was implanted in the mind of J.K. Rowling in order to disguise the turbulent events as fiction. What follows is a brilliant imagining of what the ghosts of famous dead sociologists would make of the elaborate magical world. From the perspective of thinkers, such as Max Weber, Karl Marx, Georg Simmel, Pitirim Sorokin, W.E.B. DuBois, and Emile Durkheim, Stobbe examines questions such as: • Were the secret societies of the Order of the Phoenix and the Death Eaters really that different? • Why was Hermione Granger's attempt to free house-elves from slavery so unsuccessful? • How was stigma handled in the magical world? In addition to chapters written from the perspective of one sociologist, the book contains two panel discussions. In the first, Karl Marx and Max Weber debate the reasons for the technological backwardness of the magical world. In the second, six famous dead criminologists give different explanations for why Tom Riddle became the notorious Lord Voldemort. *The Dead Sociologists Society* is an entertaining compendium of sociological analyses of the Harry Potter series. Perhaps more importantly, this book offers a serious and insightful journey through classical sociological thought. It is an ideal text for high school and university sociology students.

eaters of the dead: The Medieval Motion Picture A. Johnston, M. Rouse, 2014-04-02 Providing new and challenging ways of understanding the medieval in the modern and vice versa, this volume highlights how medieval aesthetic experience breathes life into contemporary cinema. Engaging with the subject of time and temporality, the essays examine the politics of adaptation and our contemporary entanglement with the medieval.

eaters of the dead: Death Eaters Kelly Milner Halls, 2020-08-01 Audisee® eBooks with Audio combine professional narration and sentence highlighting to engage reluctant readers! What happens to the bodies of animals and humans after death? Nature's army of death eaters steps in to take care of clean up. Without these masters of decomposition, our planet would be covered in rotting bodies. This high-interest science text dives into the science behind how bodies decompose.

eaters of the dead: Eaters of the dead Aḥmad Ibn-Faḍlān, Michael Crichton, 1976

eaters of the dead: Gothic Peregrinations Agnieszka Lowczanin, Katarzyna Malecka, 2018-07-06 For over two hundred years, the Gothic has remained fixed in the European and American imaginations, steadily securing its position as a global cultural mode in recent decades. The globalization of Gothic studies has resulted in the proliferation of new critical concepts and a growing academic interest in the genre. Yet, despite its longevity, unprecedented expansion, and accusations of prescriptiveness, the Gothic remains elusive and without a straightforward definition. *Gothic Peregrinations: The Unexplored and Re-explored Territories* looks at Gothic productions largely marginalized in the studies of the genre, including the European absorption of and response to the Gothic. This collection of essays identifies landmarks and ley lines in the insufficiently probed territories of Gothic scholarship and sets out to explore its unmapped regions. This volume not only examines Gothic peregrinations from a geographical perspective but also investigates how the genre has been at odds with strict demarcation of generic boundaries. Analyzing texts which come from

outside the Gothic canon, yet prove to be deeply indebted to it, like bereavement memoirs, stories produced by and about factory girls of Massachusetts, and the Mattel Monster High franchise, this volume illuminates the previously unexplored fields in Gothic studies. The chapters in this volume reveal the truly transnational expansion of the Gothic and the importance of exchange – exchange now seen not only as crucial to the genre’s gestation, or vital to the processes of globalization, but also to legitimizing Gothic studies in the global world.

eaters of the dead: The Poison Eaters Gail Jarrow, 2020-05-19 Washington Post Best Children's Book Formaldehyde, borax, salicylic acid. Today, these chemicals are used in embalming fluids, cleaning supplies, and acne medications. But in 1900, they were routinely added to food that Americans ate from cans and jars. In 1900, products often weren't safe because unregulated, unethical companies added these and other chemicals to trick consumers into buying spoiled food or harmful medicines. Chemist Harvey Washington Wiley recognized these dangers and began a relentless thirty-year campaign to ensure that consumers could purchase safe food and drugs, eventually leading to the creation of the U.S. Food and Drug Administration, or FDA, a US governmental organization that now has a key role in addressing the COVID-19/Coronavirus pandemic gripping the world today. Acclaimed nonfiction and Sibert Honor winning author Gail Jarrow uncovers this intriguing history in her trademark style that makes the past enthrallingly relevant for today's young readers.

eaters of the dead: The Harry Potter Companion Acascias Riphouse, 2004-07 Explores the true history, folklore, and mythology behind the magical practices, creatures and personalities that appear in J. K. Rowling's Harry Potter books.

eaters of the dead: Evil in the Christian Fantasy of C.S. Lewis and J.K. Rowling Sarah Fiona Winters, 2024-10-29 Evil in the Christian Fantasy of C.S. Lewis and J.K. Rowling: From the White Witch to the Dark Mark argues that The Chronicles of Narnia and Harry Potter series are essential reading for anyone committed to understanding the cultural constructions of evil in twentieth-century Europe, and the strategies of resistance available to different types of readers in response to those evils. This book also suggests that while the construction of evil in both series can and should be approached through a secular lens, it cannot be fully understood without a complementary understanding of religious transcendence. Sarah Fiona Winters explores the tension between theological evil on the one hand, and naturalist and politico-historical representations of evil on the other; and the tension within both the explicitly religious and the apparently secular between dualism, the belief that good and evil both exist and are locked in combat, and the belief in orthodox Christianity that evil is nothing. She examines the developments in theories about evil that arose from the experience of the Second World War, particularly those of Hannah Arendt and Stanley Milgram in 1963, arguing that Lewis presented obedience as a strategy against evil because he wrote before their work while Rowling presents disobedience as a strategy against evil as she wrote after their work.

eaters of the dead: Death of All Life on Earth Don McComber, 2020-04-27 This is the first of four books about how humans won the war on carbon, and accidentally caused the death of all things living. When Carbon Dioxide began to decrease in the atmosphere, first the trees and plants didn’t grow, then slowly died starting in high latitudes and working inexorably toward the equator.

All of the wild and domestic animals were either killed for food or starved. In the course of a dozen years, billions of humans starved to death or were killed by “eaters.” This story is about a young woman on whom every horrible, heart rending tragedy was heaped and yet she somehow, almost singlehandedly gave mankind a tiny chance of survival. Hang on tight to this apocalyptic tale as it drags you through hope and heartbreak then tragedy and finally triumph.

eaters of the dead: *The Palgrave Handbook of Popular Culture as Philosophy* Dean A. Kowalski, Chris Lay, Kimberly S. Engels, 2024-04-30 Much philosophical work on pop culture apologises for its use; using popular culture is a necessary evil, something merely useful for reaching the masses with important philosophical arguments. But works of pop culture are important in their own right--they shape worldviews, inspire ideas, change minds. We wouldn't baulk at a book dedicated to examining the philosophy of *The Great Gatsby* or 1984--why aren't *Star Trek* and *Superman* fair game as well? After all, when produced, the former were considered pop culture just as much as the latter. This will be the first major reference work to right that wrong, gathering together entries on film, television, games, graphic novels and comedy, and officially recognizing the importance of the field. It will be the go-to resource for students and researchers in philosophy, culture, media and communications, English and history and will act as a springboard to introduce the reader to the other key literature in the field.

eaters of the dead: The Sheep Eaters William Allen, 2022-01-29

eaters of the dead: *An International Law Perspective on Harry Potter* Frauke Heidemann, 2024-06-13 This textbook introduces readers to international law by linking it to the Harry Potter universe. Given the current changes in the international sphere away from a state-centric system to a multitude of non-state actors, it tests the legal regime by applying it to the out-of-the-box concept of wizards and thus rids the doctrinal debate of political factors. More specifically, the book explains core concepts of public international law, covering the elements of a state, state responsibility, jurisdiction, enforcement of international law and immunity. In the wizarding world, it addresses questions of statehood by discussing when a wizarding state is responsible for the crimes committed by its wizards, who has jurisdiction over crimes, and how international law is enforced. In addition, it introduces and explains the fundamentals of international humanitarian law, international human rights law, international criminal law, and air law by applying them to the wizarding world. The textbook is intended for anyone looking for an accessible introduction to public international law and its application.

eaters of the dead: A Book of Man Eaters Reginald George Burton, 1931 Habits and behaviour of carnivorous animals, with reference to man-eaters.

eaters of the dead: *Eaters of the Dead* Michael Crichton, 1992

eaters of the dead: Holy Vegan Earth God Creator of Universes, 2018-08-20 Soon The Judgment Day of the Creator will happen. Billions of corpse-eaters, evil spirits from hell who have possessed human bodies and they are killing animals and eating corpse of animals will be executed and sent back home, to Hell for punishment and education. This is an extremely painful education. Be Warned. This Judgment Day of the Creator was mentioned by me, Moses 3300 years ago and by Jesus 2000 years ago and by Mohammad 1400 years ago. Holy Vegan Earth, the last book of the Creator that updates all previous books, Quran, Bible and Torah was revealed to me, Moses and I wrote it from 2012 to 2018. Book contains guidelines. It contains Theological, Philosophical and Scientific content related to the subjects of some educational stories. It contains a long story that started in 7000 BC and continued to my next appearance on the Earth as Moses in 1300 BC and now, again as Moses to warn people about the soon happening Judgment Day. Book contains a True Story. Fiction, it is not. Two conditions should apply then you will survive. (1) Belief in the Creator (2) Be a Vegan, that means you learned a simple lesson from Eleven Commandments that I brought for you from the Creator. Yes. 11 Commandments, not 10. The 11th Commandment is You must be Vegan. You should not kill any innocent human animal or other animals. Those who violate the law will be executed humiliatingly and burned in hell for eternity. Book contains many paintings that I created to accompany the Theological content to make it easier to digest and many Plans for Vegan

Activists. We establish the Vegan Earth by Genocide. This is my wish. When the Creator will do it is out of my jurisdiction. However, you have no excuse any more. You are warned clearly. You like it or not, do not matter. This is plan of the Creator typed by Moses Messenger of the Creator in 2012-2018 from direct communication with the Creator, the Unified Field, the Unity, Creator of Universes. If you are atheist, I have included seven proofs of the existence of the Creator in this book. Some are complex Mathematical proofs and some are simple. Depends on level of your intelligence you can find a proof that you can understand. Read, learn, understand and surrender to words of the Creator and Prophet of the Creator, Moses. Go Vegan, you will live. Stay corpse-eater, you will be eradicated like bacteria and will be burned in hell. Use your brain. You will find logic and reasoning in this book. Convert to Vegan. Convert to a believer in the Creator. If you do not use your brain, in hell you will learn by pain. Evidence and Proof is the only important matter. The Unified Field is God. The Unified Field is the Creator of Universe. In this book of God, the Sixth Book of Moses, I included the evidence and proof that I am communicating with the Unified Field. It is a two-direction communication. I proved I am Moses. Belief without reasoning and proof worth zero. Vegans who are believers in the Creator will inherit the Earth. Rest of humans will be wood for fire of hell. 01 - 110 - We start with 110. There is hope. 02 - 112 - Only if the 112, God helps. And He promised to do so. 03 - 097 - Revelations in uncountable nights of determination. 04 - 094 - I am here, again, Moses has one command, Go Vegan or go to Hell. 05 - 106 - Be afraid of one who is friend of the Creator of Universes. Love for Animals. Death to Corpse-Eaters. 06 - 108 - I am grateful. We use Your resources only for Justice for Animals. 07 - 113 - We count on You. 08 - 114 - We are aware and do the best that can be done. 09 - 109 - Kill them all. 10 - 111 - Hell for them is Justice. 11 - 110 - We Own the Earth. Animal Rights, Vegan, We inherit the Earth. We count on Your Power. Second column are representative of numbers described in the book. The last seal arrived in a 97 and ended in 110. Wait for the Judgment day. Soon. I am waiting.

eaters of the dead: Everything You Ever Wanted to Know About Zombies Matt Mogk, 2011-09-13 The most comprehensive zombie handbook ever published—with a foreword by Max Brooks! In one indispensable volume, Matt Mogk busts popular myths and answers all your raging questions about the living dead.* Q. How can I increase my chances of survival? A. One simple step is to keep away from other people. Without people there can be no zombies. Q. What is the connection between the Voodoo zombie and the flesh-eating zombie of popular culture? A. Other than a shared name, absolutely nothing. Q. Will zombies actually eat me, or will they just bite and chew? A. Research suggests the neuromuscular activity required for swallowing may be too complex for a zombie. Q. Will we see any warning signs before the dead rise? A. Unfortunately, entire populations could be infected with the zombie sickness before anyone even knows there's a problem. Q. How come Zombie Awareness Month is in May and not October? A. Unlike witches and vampires, zombies are not otherworldly creatures. They are made of flesh and blood. Don't forget to wear your gray ribbon. * Many more questions about zombies—including why not all of them are undead—are answered inside the book.
