norton introduction to literature 11th edition: Dothead Amit Majmudar, 2016-03-29 A captivating, no-holds-barred collection of new poems from an acclaimed poet and novelist with a fierce and original voice Dothead is an exploration of selfhood both intense and exhilarating. Within the first pages, Amit Majmudar asserts the claims of both the self and the other: the title poem shows us the place of an Indian American teenager in the bland surround of a mostly white peer group, partaking of imagery from the poet's Hindu tradition; the very next poem is a fanciful autobiography, relying for its imagery on the religious tradition of Islam. From poems about the treatment at the airport of people who look like Majmudar ("my dark unshaven brothers / whose names overlap with the crazies and God fiends") to a long, freewheeling abecedarian poem about Adam and Eve and the discovery of oral sex, Dothead is a profoundly satisfying cultural critique and a thrilling experiment in language. United across a wide range of tones and forms, the poems inhabit and explode multiple perspectives, finding beauty in every one.

Sexton, 2018 Working medievalists are often the only scholar of the Middle Ages in a department, a university, or a hundred-mile radius. While working to build a body of focused scholarly work, the lone medievalist is expected to be a generalist in the classroom and a contributing member of a campus community that rarely offers disciplinary community in return. As a result, overtasked and single medievalists often find it challenging to advocate for their work and field. As other responsibilities and expectations crowd in, we come to feel disconnected from the projects and subjects that sustain our intellectual passion. An insidious isolation even from one another creeps in, and soon, even attending a conference of fellow medievalists can become a lonely experience. Surrounded by scholars with greater institutional support, lower teaching loads, or more robust research agendas, we may feel alienated from our work - the work to which we've dedicated our careers. The Lone Medievalist (the collaborative community and the book) is intended as an antidote to the problem of professional isolation. It is offered in the spirit of common weal that

norton introduction to literature 11th edition: What He Did in Solitary Amit Majmudar, 2020-08-18 The prize-winning poet reflects on what sustains us in a sundered world. With his dazzling ability to set words spinning, Amit Majmudar brings us poems that sharpen both wit and knives as he examines our life in solitary. Equally engaged with human history and the human heart, Majmudar transfigures identity from a locus of captivity to the open field of his liberation. In pieces that include a stunning central sequence, *Letters to Myself in My Next Incarnation*, the poet is both the Huck and Jim of his own adventures. He is unafraid to face human failings: from Oxycontin addiction to Gujarat rioting, he examines—often with dark comedy—the fragility of the soul, the unchartability of pain, and the reasons we sing and grieve and make war. All-American and multitudinously alone, dancing in his confinement, Majmudar is a poet of exuberance and transcendence: *What I love here, / Poems and women mostly, / I know you can't remember*, he tells his future self. But they were worthy of my love.

norton introduction to literature 11th edition: Early Modern Women's Writing and the Future of Literary History Lara Dodds, Michelle M. Dowd, 2025-02-03 Early Modern Women's Writing and the Future of Literary History demonstrates that a full accounting of early modern women's literary and creative activities is necessary to the future of literary studies writ large. Despite benefiting from a rich body of scholarship and diverse critical practices, early modern women's writing is still treated as an optional or secondary component of Renaissance literary studies as a whole. In this book, Dodds and Dowd offer a state-of-the-field assessment of the critical and theoretical debates that have resulted in this state of affairs in order to advance specific visions for the future. Dodds and Dowd examine how perennial questions about authorship, canon, and literary value have historically influenced scholarship on early modern women's writing and its place within literary studies. Early modern women's writing has been perceived as belated, out of sync with dominant critical trends. Dodds and Dowd show the belatedness of early modern women's writing to be a happy accident that positions women's writing as a resource for the renewal of literary history. In both the classroom and in scholarship, early modern women's writing shows the way forward for the field, whether in the revitalization of formalist approaches to literature through an alliance with feminism or in the integration of newer critical methodologies such as premodern critical race studies. This book demonstrates that a feminist literary history that places women's writing at its center is essential to the future of English Renaissance literary studies. There is, in other words, no history of English Renaissance literature without women writers.
